## **Sexual Naturalization:**

**Sexual Naturalization** Susan Koshy, 2022 Sexual Naturalization offers compelling new insights into the racialized constitution of American nationality In the first major interdisciplinary study of Asian white miscegenation from the late nineteenth to the end of the twentieth century Koshy traces the shifting gender and racial hierarchies produced by antimiscegenation laws and their role in shaping cultural norms Not only did these laws foster the reproduction of the United States as a white nation they were paralleled by extraterritorial privileges that facilitated the sexual access of white American men to Asian women overseas Miscegenation laws thus turned sex acts into race acts and engendered new meanings for both Koshy argues that the cultural work performed by narratives of white Asian miscegenation dramatically transformed the landscape of desire in the United States inventing new objects and relations of desire that established a powerful hold over U S culture a capture of imaginative space that was out of all proportion to the actual numbers of Asian residents

**The Sexual Self** Michael S. Kimmel, 2007 Abstract [The Boundaries of Desire](#) Eric Berkowitz, 2015-08-01 The act of reproduction and its variants never change much but our ideas about the meaning of sex are in constant flux Switch a decade cross a border or traverse class lines and the harmless pleasures of one group become the gravest crimes in another Combining meticulous research and lively storytelling [The Boundaries of Desire](#) traces the fast moving bloodsport of sex law over the past century and challenges our most cherished notions about family power gender and identity Starting when courts censored birth control information as pornography and let men rape their wives and continuing through the sexual revolution and into the present day when rape gay rights sex trafficking and sex on the internet saturate the news Berkowitz shows how the law has remained out of synch with the convulsive changes in sexual morality By focusing on the stories of real people Berkowitz adds a compelling human element to what might otherwise be faceless legal battles The law is made by people after all and nothing sparks intolerance on the left and right more than sex Ultimately Berkowitz shows the emptiness of sanctimonious condemnation and argues that sexual questions are too subtle and volatile for simple catch all solutions

*Overdetermined* Ragini Tharoor Srinivasan, 2025-06-17 Why is it so difficult to account for the role of identity in literary studies Why do both writers and scholars of Indian English literature express resistance to India and Indianness What does this reveal about how non Western literatures are read taught and understood Drawing on years of experiences in classrooms and on U S university campuses Ragini Tharoor Srinivasan explores how writers critics teachers and students of Indian English literatures negotiate and resist the categories through which the field is defined ethnic postcolonial and Anglophone *Overdetermined* considers major contemporary authors who disavow identity even as their works and public personas respond in varied ways to the imperatives of being Indian Chapters examine Bharati Mukherjee s rejection of ethnic Americanness Chetan Bhagat s bad English Amit Chaudhuri s autofictional literary project and Jhumpa Lahiri s decision to write in Italian interspersed with meditations on the iconicity of the theorists Gayatri Chakravorty Spivak Homi Bhabha and

Edward Said Through an innovative method of accented reading and sharing stories and syllabi from her teaching Srinivasan relates the burdens of representation faced by ethnic and postcolonial writers to the institutional and disciplinary pressures that affect the scholars who study their works Engaging and self reflexive Overdetermined offers new insight into the dynamics that shape contemporary Indian English literature the politics of identity in literary studies and the complexities of teaching minoritized literatures in the West

**Scars of War** Sabrina Thomas,2021-12 Scars of War examines how the exclusion of mixed race persons and people of Asian descent in the United States shaped the efforts of policymakers to recognize the Amerasians of Vietnam as American children and initiate legislation that designated them unfit for American citizenship

**Medical Aspects of Human Sexuality**,1978

**Modeling Citizenship** Cathy Schlund-Vials,2011-04-23 Navigating deftly among historical and literary readings Cathy Schlund Vials examines the analogous yet divergent experiences of Asian Americans and Jewish Americans in Modeling Citizenship She investigates how these model minority groups are shaped by the shifting terrain of naturalization law and immigration policy using the lens of naturalization not assimilation to underscore questions of nation state affiliation and sense of belonging Modeling Citizenship examines fiction memoir and drama to reflect on how the logic of naturalization has operated at discrete moments in the twentieth century Each chapter focuses on two exemplary literary works For example Schlund Vials shows how Mary Antin s Jewish themed play The Promised Land is reworked into a more contemporary Chinese American context in Gish Jen s Mona in the Promised Land In her compelling analysis Schlund Vials amplifies the structural cultural and historical significance of these works and the themes they address

[Legal Borderlands](#) Mary L. Dudziak,Leti Volpp,2006-05-08 This collection focuses broadly on the role of law in the construction of U S borders and takes up an important question raised by the global turn in American studies scholarship once territory becomes less critical to scholarship in the discipline what constitutes the frame of American

studies For this project a border is not simply a territorial boundary Borders are created through formal legal controls on entry and exit through the construction of rights of citizenship and noncitizenship and through the regulation of American power in other parts of the world Where legal rights are at issue borders and territory continue to play a powerful role especially as certain spaces such as Guantanamo Bay Cuba are marked by the U S government as outside legal restraints on government power Yet the law also extends the United States beyond its literal borders through for example efforts to export democracy to the Middle East This is the first collection to map the intersection of law and American studies and it captures the excitement of interdisciplinary work at this intersection
