

Reading-With-Understanding Running Record Administration Procedure

1. Gather the texts (at the appropriate level) selected for Reading-With-Understanding Running Records.
2. Set the student at ease while filling in name, class, age, and date on the scoring sheet.
3. Introduce the passage by reading the title and saying:

"This passage is about ... and the people are ... I want you to read it to yourself, then tell me about it."
4. As the student retells the passage, record the points covered in UNDERSTANDING on summary sheet. Teachers will need to have read every selected passage and be aware of two or three main points in each before assessing the quality of the retelling. If a student shows complete understanding, do not take a Running Record; offer another passage at the same level of a different type of writing.
5. After the retelling say:

"Now you can read the passage to me carefully."

Record all reading behaviour on the score sheet.
6. After oral reading probe the student's understanding of the text by asking for further comment on points made in the retelling, eg

"Tell me some more about ... Did you find out anything else?"

One or two probes are sufficient. Enter the information on the Summary Sheet.
7. Analyse the data using the Summary Sheet. Complete the form by setting teaching objectives.

Analysis: Refer frequently to these notes when learning how to analyse errors.

When analysing a student's reading, teachers might ask themselves these questions:

Is the student trying to make sense of what is being read? (semantic cues ... meaning ... M) Does it make sense?

Is knowledge of language patterns being used? (syntactic cues ... structure ... S) Does that sound right?

Is knowledge of letters and their associated sounds being used? (graphophonic cues ... visual ... V) Does that look similar?

Are confirmation and self-correction strategies being used?
