Civil Resistance Kurt Schock,2015-08-15 In the past quarter century the world has witnessed dramatic social and political transformations due in part to an upsurge in civil resistance There have been significant uprisings around the globe including the toppling of communist regimes in Eastern Europe the Color Revolutions the Arab Spring protests against war and economic inequality countless struggles against corruption and demands for more equitable distribution of land These actions have attracted substantial scholarly attention reflected in the growth of literature on social movements and revolution as well as literature on nonviolent resistance Until now however the two bodies of literature have largely developed in parallel with relatively little acknowledgment of the existence of the other In this useful collection an international and interdisciplinary group of scholars takes stock of the current state of the theoretical and empirical literature on civil resistance Contributors analyze key processes of nonviolent struggle and identify both frictions and points of synthesis between the narrower literature on civil resistance and the broader literature on social movements and revolution By doing so **Civil Resistance Comparative Perspectives on Nonviolent Struggle** pushes the boundaries of the study of civil resistance and generates social scientific knowledge that will be helpful for all scholars and activists concerned with democracy human rights and social justice

Serbia in the Shadow of Milosevic Janine N. Clark,2008-09-30 Janine Clark offers us the first comprehensive understanding of this troubled country and its relationship with its former leader She reminds us that although Milosevic is no longer alive the way in which he is

remembered and popularly perceived means that he will continue to have an indirect influence on Serbia's future. The country remains therefore in the shadow of Milosevic. **BOOK JACKET** **The New Cold War** Mark MacKinnon, 2007. An intrepid investigation into the pro-democracy movements that have reshaped the Eastern bloc since 2000 reopening the Kremlin's wounds from the Cold War. When the Berlin Wall fell in 1989 and the Soviet Union collapsed two years later liberal democracy was supposed to fill the void left by Soviet communism. Poland and Czechoslovakia made the best of reforms but the citizens of the Evil Empire itself saw little of the promised freedom and more of the same old despots and corruption. Recently a second wave of reforms: Serbia in 2000, Georgia in 2003 and Ukraine in 2004 as well as Kyrgyzstan's regime change in 2005 have proven almost as monumental as those in Berlin and Moscow. The people of the Eastern bloc aided in no small part by Western money and advice are again rising up and demanding an end to autocracy. And once more the Kremlin is battling the White House every step of the way. Mark MacKinnon spent these years working in Moscow and his view of the story and access to those involved remains unparalleled. With *The New Cold War* he reveals the links between these democratic revolutions and the idealistic American billionaire behind them in a major investigation into the forces that are quietly reshaping the post-Soviet world. **Women & Gender in Central and Eastern Europe, Russia, and Eurasia: Southeastern and East Central Europe** Mary Fleming Zirin, 2007. A multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2. This two-volume set deals with the topics ranging from legal status and marital customs to economic participation and gender roles.

The History of Serbia John K. Cox, 2002-05-30. Chronicles Serbia's history from the Middle Ages to the twenty-first century discussing such aspects as the Ottoman Empire, the creation of Yugoslavia, the World Wars, Tito and Slobodan Milošević. Also includes a time-line bibliography and guide to notable Serbian figures. **The Fletcher Forum of World Affairs**, 2006.

In this second volume Rusko Matulić continues to formulate a comprehensive bibliography of primarily published sources relating to the history, languages, literature, politics, government, religion, and social sciences of former Yugoslavia including bibliographical materials on expatriates.
