Proud Tower Barbara Wertheim Tuchman, 1981-09-01 **The Proud Tower** Barbara Wertheim Tuchman, 2014-06-05
Barbara Tuchman s *The Proud Tower* is a haunting account of Britain on the cusp of total war reissued for the 2014 Centenary The last government in the Western world to possess all the attributes of aristocracy in working condition took office in England in June of 1895 In this now classic work Pulitzer prize winning historian Barbara Tuchman explores the quarter century leading up to the First World War from the dying embers of the British aristocracy to the fitful eruptions of the anarchist movement She provides a compelling portrait of the key figures and conflicting ideologies of this time giving an intimate view of an epoch that was soon to be swept away by the tide of history Her intention is to make the age alive for us and in that she abundantly succeeds *Daily Telegraph* Tuchman has a gift of recreating a period and a mood by an inspired selection of detail and sheer narrative sweep A volcano of a book *Evening Standard* Impeccable scholarship and literary polish Impossible to read without pleasure and admiration *New York Times* Barbara Tuchman achieved prominence as a historian with *The Zimmerman Telegram* and international fame with the Pulitzer Prize winning *The Guns of August* She is also the author of *Stilwell* and *The American Experience in China* also awarded the Pulitzer Prize *A Distant Mirror* and *The March of Folly* She died in 1989 *The Guns of August* and *The Zimmerman Telegram* are published by Penguin **The Proud Tower** Barbara W. Tuchman, 1979 *Poe Evermore* David Huckvale, 2014-10-02 Edgar Allan Poe exerted a profound influence on many aspects of 20th century culture and continues to inspire composers filmmakers writers and artists Popularly thought of as a horror writer Poe was also a philosophical aesthete a satirist a hoaxer a psychologist and a prophet of the anxieties and preoccupations of the modern world Alphabetically arranged this book explores Poe s major works both in their own right and in terms of their impact on others including Baudelaire who translated his works into French Debussy Rachmaninoff and the Alan Parsons Project who set them to music Roger Corman Federico Fellini and Jean Epstein who interpreted his visions for film audiences and television shows such as *The Six Million Dollar Man* and *Time Tunnel* which

borrowed his imagery and in the case of The Simpsons sent it up A wide range of other responses to his compelling Tales of Mystery and Imagination his poetry and the theoretical writings combine strongly to suggest that Poe s legacy will indeed last forevermore

Congressional Giants J. Michael Martinez,2020-05-26 The Congress of the United States operates in the shadow of the American presidency which can make the legislative branch appear less important than the executive in our constitutional system of government And yet Congress is a co equal branch of government deriving its powers from Article I of the United States Constitution Love it or hate it the institution is a source of incredible power It behooves all Americans to learn more about Congress Although a single slender volume cannot provide information on all there is to know about Congress it can begin the journey In Congressional Giants political scientist J Michael Martinez explores the careers and achievements of 14 influential leaders of Congress men who either held formal positions within the chambers of Congress such as speaker of the House of Representatives or Senate majority leader or who served on important committees to determine how they shaped the course of American history

Barbara W. Tuchman: The Guns of August, The Proud Tower (LOA #222) Barbara W. Tuchman,2012-03-01 Writing with a clarity grace and novelistic sweep rare among historians Barbara W Tuchman 1912 1989 distilled the complex interplay of personalities and events into gripping narratives that fuse rigorous scholarship with elegant literary art An astute portraitist she brilliantly laid bare the all too human failures of leaders subject to the pull of historical currents and prone often tragically to the ingrained biases of culture and temperament Her Pulitzer Prize winning best seller The Guns of August 1962 offers a majestic orchestration of the diplomatic and military history of the crucial first weeks of World War I Tuchman s observations about the irrational escalation of conflict made a deep impression on President John F Kennedy and influenced his actions during the Cuban Missile Crisis fifty years later The Guns of August remains an exemplary study of events propelled headlong by their own internal logic and momentum Some of Tuchman s finest writing is contained in her following book The Proud Tower A Portrait of the World before the War 1890 1914 1966 a fascinating kaleidoscope of eight precisely drawn essays on subjects ranging from international socialism and anarchism to the Dreyfus Affair in France and the birth of American imperialism that collectively set the stage for the cataclysm of 1914 Presented in one volume for the first time and released to mark Tuchman s centennial year and the fiftieth anniversary of the publication of The Guns of August here is a vivid indelible panorama of an epoch in transition

To Overthrow the World Sean McMeekin,2024-09-12 Three decades since the Soviet Union s collapse prompted Francis Fukuyama to proclaim the End of History things look different Russia may no longer be Communist but Stalin is more admired there than at any time since his death in 1953 The United States has bled power and prestige in uncanny parallel with China s rise in economic strength and global influence not least in the US itself Liberal democratic capitalism seems moribund while Chinese Communism assimilates the world How and why did this happen In his sweeping history Sean McMeekin investigates the evolution of Communism from the seductive ideal of a classless society into the ruling doctrine of tyrannical regimes From Marx s writings to the global resurgence of Communism in the twenty first century McMeekin argues that despite the endurance of this political system it remains deeply unpopular Where it has arisen it has always arisen by force Blending narrative with cutting edge scholarship To Overthrow the World revolutionises our understanding of Communism an idea that seemingly cannot die *Professor Knatschke* Hansi,1917 Poems Edgar Allan Poe,1917
