**Accounting for Taste** Priscilla Parkhurst Ferguson, 2006-08-01 French cuisine is such a staple in our understanding of fine food that we forget the accidents of history that led to its creation Accounting for Taste brings these accidents to the surface illuminating the magic of French cuisine and the mystery behind its historical development Priscilla Parkhurst Ferguson explains how the food of France became French cuisine This momentous culinary journey begins with Ancien Régime cookbooks and ends with twenty-first century cooking programs It takes us from Carême the inventor of modern French cuisine in the early nineteenth century to top chefs today such as Daniel Boulud and Jacques Pépin Not a history of French cuisine Accounting for Taste focuses on the people, places, and institutions that have made this cuisine what it is today a privileged vehicle for national identity, a model of cultural ascendancy, and a pivotal site where practice and performance intersect With sources as various as the novels of Balzac and Proust, interviews with contemporary chefs such as David Bouley and Charlie Trotter, and the film *Babette's Feast*, Ferguson maps the cultural field that structures culinary affairs in France and then exports its crucial ingredients What's more, well beyond food, the intricate connections between cuisine and country, between local practice and national identity, illuminate the concept of culture itself To Brillat-Savarin's famous dictum, "Animals fill themselves, people eat intelligently," people alone know how to eat Priscilla Ferguson adds, and Accounting for Taste shows how the truly intelligent also know why they eat the way they do Parkhurst Ferguson has her nose in the right place and an infectious lust for her subject that makes this trawl through the history and cultural significance of French food, from French Revolution to *Babette's Feast*, via Balzac's suppers and Proust's madeleines, a satisfying meal of varied courses Ian Kelly, *Times UK*

**France '98** Fodor's, Fodor's Travel Publications, Inc. Staff, 1997 A phone call at two thirty in the morning is never good news Lucie Montgomery's semiestranged brother Eli calls her in France to tell her their father Leland has been killed in a hunting accident on the family's five hundred acre Virginia vineyard just as the fall harvest is about to begin By the time he calls Eli has already made funeral arrangements with what Lucie argues is indecent haste It is an emotional trip home, the first since an automobile accident two years ago which left Lucie disabled and dependent on a cane Her family's once elegant home and winery are now shabby and run down thanks to her father's penchant for fringy business deals Eli, also cash-strapped and desperate to support his new wife's extravagant lifestyle, has already convinced their rebellious younger sister Mia to sell the debt-ridden estate and reap the profits from the valuable land it sits on, overruling Lucie's protests On the eve of the funeral

Lucie's godfather Fitz, a partner in the family business, tells her Leland's death was no accident. Whoever killed him was motivated by the potential sale of the vineyard. It is the last conversation she will have with Fitz. Now the lone holdout preventing the vineyard sale, Lucie realizes she's next in line for another accident. With her greedy brother, hell-raising sister, and a seemingly cut-rate vintner hired by Leland just before he died, all the suspects are disturbingly close to home. Unsure whom she can trust, Lucie must uncover the truth about the deaths of her father and godfather and oversee a successful harvest to save the vineyard she loves.

**BOOK JACKET** *Plancha* Liliane Otal, 2011-06-01 *Plancha* is a Spanish word that literally translates as plate and refers to both a style and a method of cooking using a metal slab heated over a gas flame. In Spain, planchas are widely used in tapas bars and restaurants to cook an incredible assortment of foods from mussels to mushrooms and even desserts. In private homes, planchas are often installed in the middle of round tables so that both the hosts and their guests can share in the cooking experience and no one is stuck in the kitchen. Prepared both indoors and out, plancha cooking is as delicious and suitable on a warm sunny day as it is on a chilly night. The popularity of plancha has even crossed the Spanish border into France, where many noted chefs such as Alain Ducasse and Paul Bocuse have adopted this way of cooking in their Paris restaurants. It's not just for the gourmet restaurants; however, planchas are incredibly easy to use over grills and stoves with little mess. And unlike with other methods of grilling, there is no chance of watching your meal go up in flames. In *Plancha*, Liliane Otal shows how to buy and maintain a plancha as well as how to make more than 150 delicious recipes that are so simple and fast anyone can do them. The cooking time for nearly all of these recipes is under 20 minutes. Her recipes will show you how to prepare delicious and flavorful meals that are also low in fat.
