

A hiker with a large backpack and trekking poles stands on a mountain ridge, looking out over a vast, hazy mountain range. The hiker is wearing a brown jacket, dark pants, and a cap. The backpack is large and appears to be filled with gear, including a rolled-up sleeping bag. The background shows a series of rolling, brownish mountains under a pale sky. The overall scene conveys a sense of adventure and exploration in a rugged, high-altitude environment.

Louis L'Amour

Proving Trail:

The Proving Trail Louis L'Amour, 2004-06-29 They tried to tell him that his father had killed himself but Kearney McRaven knew better No matter what life had dealt him his father would go down fighting And as he delved deeper into the mystery he learned that just before his father died the elder McRaven had experienced a remarkable run of luck he d won nearly ten thousand dollars and the deed to a cattle ranch Not yet eighteen Kearney was determined enough to track down his father s murderer and claim what was rightfully his Now followed every step of the way by a shadowy figure Kearney must solve the mystery of his father s hidden past a past that concealed a cold blooded killer who would stop at nothing to keep a chilling secret

The Proving Trail ,1985 *The Quick and the Dead* Louis L'Amour, 2004-08-03 When Duncan McKaskel decided to move his family west he knew he would face dangers and he was prepared for them He knew about the exhausting terrain and he was expecting the punishing elements What he worried about was having to use violence against other men men who would follow him and try to steal the riches that he didn t even possess Yet bandits were only part of McKaskel s worries For a mysterious stranger Con Vallian had appeared one night and saved his life But was Vallian s true interest Duncan s wife Susanna And more important how did she feel about him As they push on into the wilderness Duncan must discover who is the greater threat the thieves outside his camp or the enigmatic stranger within

Fallon Louis L'Amour, 2004-08-31 Macon Fallon thinks that all he needs is a gun a deck of cards and a fast horse until he finds himself ready to defend the reclaimed mining town that has become his home from a vicious gang of outlaws even if it costs him his life Reissue

Bowdrie Louis L'Amour, 2003-12-30 It was a name that caused the most hardened gunmen to break out in a cold sweat Chick Bowdrie He could have ridden the outlaw trail but the Texas Rangers recruited him because they didn t want to have to fight against him Pursuing the most wanted men in the Southwest he knew all too well the dusty trails the bitter cattle feuds the desperate killers and the quiet weather beaten wind blasted towns that could explode into actions with the wrong word He had sworn to carry out the law but there were times when he had to apply justice with his fists and his guns They called in the Rangers to handle the tough ones and there was never a Ranger tougher or smarter than Bowdrie

The Essential West Elliott West, 2012-10-29 Scholars and enthusiasts of western American history have praised Elliott West as a distinguished historian and an accomplished writer and this book proves them right on both counts Capitalizing on West s wide array of interests this collection of his essays touches on topics ranging from viruses and the telegraph to children bison and Larry McMurry Drawing from the past three centuries West weaves the western story into that of the nation and the world beyond from Kansas and Montana to Haiti Africa and the court of Louis XV Divided into three sections the volume begins with conquest West is not the first historian to write about Lewis and Clark but he is the first to contrast their expedition with Mungo Park s contemporaneous journey in Africa The Lewis and Clark expedition West begins is one of the most overrated events in American history and one of the most revealing The humor of this insightful essay is a chief characteristic of the whole book

which comprises ten chapters previously published in major journals and magazines but revised for this edition and four brand new ones West is well known for his writings about frontier family life especially the experiences of children at work and play Fans of his earlier books on these subjects will not be disappointed In a final section he looks at the West of myth and imagination in part to show that our fantasies about the West are worth studying precisely because they have been so at odds with the real West In essays on buffalo Jesse James and the McMurtry novel Lonesome Dove West directs his formidable powers to subjects that continue to shape our understanding and often our misunderstanding of the American West past and present

The Broken Gun Louis L'Amour,2004-10-26 Ninety years ago the Toomey brothers along with twenty five other men and four thousand head of cattle vanished en route to Arizona When writer and historian Dan Sheridan is invited to the missing brothers ranch by its current owner he jumps at the chance The visit fits right in with his plan to solve the century old mystery but it turns out that his host isn t a fan of books writers or people who don t mind their own business Soon Dan is living the dangers of the Old West firsthand tracked through the savage wilderness by vicious killers straight out of the most violent pages of his stories However his enemies have made one serious mistake Sheridan is no pencil pushing greenhorn and killing him won t be as easy as they think

Wolf in Night Tara K. Harper,2005-01-25 Tara K Harper s Wolfwalker novels are particular favorites of mine Anne McCaffrey Raised on a foreign world where telepathic wolves hunt in the mountains and mysterious aliens guard against the encroachment of humanity Nori has grown up scouting in the wilderness Like her mother before her she searches for dangers that could devastate the isolated towns scattered across the countryside But the wolves have already encountered those forces Now disturbed by the sense of death along the broken cliffs of Ariye they reach out to one who can help them Unsuspecting Nori answers the Grey Ones call only to find herself mentally bonded to a half grown ferocious wolf Spies and assassins stalk the scouts and wolfwalkers while a deadly threat once thought to be contained spreads across the land Caught between the wolves and the horror of plague and with hired hunters at her heels Nori is hounded deep into the wilderness to begin a journey that must end in victory or death
