Moonlight Splendor Leigh Roberts,1983-01-01 **The Mask of Comus** John Milton,1876 **Whispering Silhouette** Preston Williams II,2006-05
Whispering Silhouette is life evolving on many levels It is the life experiences that have taken many down the hidden paths of personal discovery These paths are a mixture of Williams interpretation on life love and relationships You will find his interpretations simple yet sometimes complex real and at times surreal emotionally wrenching as well as pleasing to the imagination After reading just a few pieces it becomes quite clear that poetry has become a form of expression and comfort in dealing with his innermost thoughts Insightfulness pure elegance and passion epitomize the poetry of Preston Williams II With this distinct voice and accessible language he opens the sensibility to poetry for countless people for whom it might otherwise have remained numb to its influence In his amazing new collection the first of many others to come Williams explores youth family life love and the passage of time Preston Williams poetry is a window through which we see our lives as if for the first time He uses simple understandable language to capture ordinary life its pleasures discontents its moments of sadness and joys It is considerably difficult not to be charmed by Williams Whispering Silhouette
