Paths in Utopia Martin Buber,1950 [The First Jewish Environmentalist](#) Yuval Jobani,2023 Aharon David Gordon 1856-1922 is increasingly being recognized as the first Jewish environmentalist Long before global warming became a major threat Gordon warned against the mounting dangers of human assault on nature and urged us to open ourselves to nature and re-attune with it *The First Jewish Environmentalist* introduces Gordon's ideas and sets them in their historical context shedding new light on the interconnections between religion culture education and the environment The book expands Gordon's canonical status beyond the realm of Hebrew culture and extracts from Gordon's philosophy empowerment and inspiration for seekers advocating the protection of our planet *The Challenge to Friendship in Modernity* Heather Devere, Preston King,2013-11-05 In antiquity it was not only Aristotle who assumed the people are more to be understood in relation to one another than as individual or solitary constructs This examination considers the changing attitudes to friendship since antiquity **Nietzsche & Anarchism: An Elective Affinity and a Nietzschean reading of the December '08 revolt in Athens** Christos Iliopoulos,2019-10-15 This book aims to establish the bond between Friedrich Nietzsche and the anarchists through the apparatus of elective affinity and to challenge the boundaries of several anarchist trends especially classical and post-anarchism and ideologies like anarchism and libertarian Marxism Moreover it highlights the importance of reading Nietzsche politically in a radical way to understand his utility for the contemporary anarchist movement The review of the literature concerning the Nietzsche-anarchy relationship shows the previously limited bibliography and stresses the possibility of exploring this connection with the methodological help of Michael Lowy's concept of elective affinity The significance of this finding is that the relevant affinity may contribute to an alternative to the dominant perception of anarchism as an ideology It may also designate its special features together with its weaknesses meaning the objections of Nietzsche to certain aspects of the anarchist practices and worldview violence resentment bad conscience thus opening a whole new road of self-criticism for the anarchists of the twenty-first century In addition the location and analysis of the elective affinity serves the debunking of the Nietzschean concepts used by conservative and right-wing readings in order to appropriate Nietzsche and of the accusations that the German philosopher had unleashed against anarchists which reveals his misunderstanding of anarchist politics The final part of this book applies the whole analysis above on a Nietzschean reading of the December 08 revolt in Athens based on the *Of the Three Metamorphoses* discourse from *Thus Spoke Zarathustra* offering an alternative view of the events that shook Greece and also had an important global impact *The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier,2014-01-09 In *The Existential Philosophy of Etty Hillesum* Meins G. S. Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum's diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World

War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum s path to spiritual freedom Rorty, Buber and the Revival of Social Hope Akiba Jeremiah Lerner,2007 **Catalogue of the Library of the Graduate School of Design, Harvard University** Harvard University. Graduate School of Design. Library,1968 Anarchist Portraits Paul Avrich,2020-11-10 From the celebrated Russian intellectuals Michael Bakunin and Peter Kropotkin to the little known Australian bootmaker and radical speaker J W Fleming this book probes the lives and personalities of representative anarchists **The War on Terrorism and the Terror of God** Lee Griffith,2002 Uniquely relevant in a world shaken by recent acts of terror this title calls people of faith to the way of peace the Christian response to evil and violence Martin Buber, a Centenary Volume Hayim Gordon,Jochanan Bloch,1984 **Pacifism and the Jews** Evelyn Wilcock,1994 An account of Jewish pacifism in the 20th century including in the World War I period Mandate Palestine the Vietnam war the State of Israel Ch 6 p 118 143 The Loss of Innocence Abraham Cronbach and Jewish Pacifism in the Second World War relates the motivations of Jews in Britain and the USA who opposed their countries participation in the war despite their knowledge of what the Nazis were doing to the Jews In part they were reacting to antisemitic allegations that the Jews had a vested interest in the war against Germany and were the main warmongers Ch 7 p 144 165 Conscience or Compliance Non Violence and the Holocaust reflects on the nature of the largely non violent Jewish reaction to the Nazi genocide Jewish tradition does not approve of violence or raising arms in reaction to persecution and prescribes non retaliation The non violent pattern of behavior deeply ingrained in the Jewish psyche and having manifested itself during the Holocaust is dictated both by expediency i e not to offer resistance when it is likely to claim many victims and there is no chance for victory and by the pacifism of Jewish tradition The "central Person" in Martin Buber's Political Theory Dan Avnon,1990 **American Book Publishing Record** ,1996-09 **Library Journal** Melvil Dewey,Richard Rogers Bowker,L. Arnett,2008 This volume occasions a dialogue between major authors in the field who engage in a conversation on cosmopolitanism and provinciality from a communication ethics perspective There is no consensus on what constitutes communication ethics cosmopolitanism or provinciality the task is more modest and diverse and began with contributors being asked what the bias of their work suggests or offers for

understanding the theme Communication Ethics Between Cosmopolitanism and Provinciality Rather than responding authoritatively each essay acknowledges the contributor s own work This book offers no answers but invites a conversation that is more akin to a beginning a joining an admission that there is more than me us or my kind of people theory or wisdom The book will be an excellent resource for instructors and for upper level undergraduate and graduate courses in communication *University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects* University of California (System).
