

Decker • Schwiegler

PATTERNS of EXPOSITION

Fifteenth Edition

Classification, . . . Comparison and Contrast, . . . Narration, . . .

AND NOW ALSO

Media Images, . . . Gender Differences, . . . Telling Stories about Self and Values

PATTERNS OF EXPOSITION 15 explores all these and more.

This classic text has always represented the primary patterns of exposition in writers' repertoires, accompanied by thoughtful explication and writing applications. Now, to enhance and extend its flexibility, the editors have added a thematic cluster of readings to each rhetorical chapter of readings, choosing themes relating to culture, behavior, and values—in effect creating a reader within a reader. Each theme is introduced briefly, and all the readings in the chapter, thematic and rhetorical alike, are surrounded by prompts that encourage discussion, analysis, and writing.

But that's not all. This edition also features the following revisions:

- 25 new readings by carefully chosen, significant writers, including Barbara Kingsolver, Scott Russell Sanders, Mary Karr, Mike Rose, and Leslie Marmon Silko.
- Considerably expanded introductory rhetorical chapters that explain and illustrate—in clear, pragmatic language—the writing process and the techniques of critical reading.
- Thoroughly revised apparatus, and, for each reading, a new set of writing assignments, "Read to Write."
