Patsy Cline Remembering Patsy:

Remembering Patsy Brian Mansfield, 2003-02 A companion to an MCA CD tribute to Patsy Cline this photo diary has quotes about Cline's influence on various artists' careers as well as reminiscences from Cline's contemporaries including Brenda Lee, Loretta Lynn, and Harold Bradley. Includes a CD single Photos. **Musicological Identities** Jacqueline Warwick, 2017-07-05 No music scholar has made as profound an impact on contemporary thought as Susan McClary, a central figure in what has been termed the new musicology. In this volume, seventeen distinguished scholars pay tribute to her work with essays addressing three approaches to music that have characterized her own writings: reassessing music's role in identity formation, particularly regarding gender, sexuality, and race; exploring music's capacity to define and regulate perceptions and experiences of time; and advancing new modes of analysis more appropriate to those aspects and modes of musicking ignored by traditional methods. Contributors include, in overlapping categories, many fellow pioneers, current colleagues, and former students, and their essays like McClary's own work address a wide range of repertoires ranging from the established canon to a variety of popular genres. The collection represents the generational arrival of the new musicology into full maturity, dividing fairly evenly between pre-eminent scholars of music and a group of younger scholars who have already made their mark in significant ways. But the collection is also, and fundamentally, interdisciplinary in nature, in active conversation with such fields as history, anthropology, philosophy, aesthetics, media studies, film music studies, dramatic criticism, women's studies, and cultural studies. **Sound Judgment** Richard Leppert, 2023-05-31 The essays in *Sound Judgment* span the full career of Richard Leppert, from his earliest work that appears here for the first time on subjects drawn from early modernity to the present concerning music, both popular and classical, European and North American. Noted for his path-breaking interdisciplinary scholarship on music and visual culture, the collection includes key essays on music's visualization in art practices in virtually all visual media, including film. The fourteen essays comprising this volume demonstrate Leppert's many contributions to critical musicology, particularly in the areas of aesthetics, as well as social and intellectual history, all of it grounded in a heterodox body of critical and cultural theory with the work of Theodor W. Adorno, particularly noteworthy. The collection is preceded by an introduction in which Leppert traces his intellectual development, defined in large part by the social, cultural, and political upheavals of the 1960s and their aftermath, both in the academy and in society at large. **Country Music** Irwin Stambler, Grelun Landon, 2000-07-14 A comprehensive reference source on the history, impact, and current state of country music, offering portraits of figures in the country music world. **The New Rolling Stone Album Guide** Nathan Brackett, Christian David Hoard, 2004 Publisher Description. **The Encyclopedia of Popular Music** Colin Larkin, 2011-05-27 This text presents a comprehensive and up-to-date reference work on popular music from the early 20th century to the present day. **Country Music** Kurt Wolff, 2000 The *Rough Guide to Country* is the ultimate handbook to one of America's richest and most firmly rooted musical traditions. *The Virgin Encyclopedia of*
