### **Образ революции в российской политической мысли 1905 г.\***

### **The Image of the Revolution in Russian Political Thought in 1905**

---

*Аннотация.* Статья посвящена анализу трансформации понятия «революция» в российской политической мысли 1905 г. Показано, что в России, как и в Европе, существовало две трактовки этого термина. Некоторые современники считали революцией процесс политической модернизации и оценивали это явление положительно, в то время как их оппоненты расценивали ее как насильственное покушение на законную государственную власть и были убежденными противниками подобных действий. Эти установки определяли взгляды современников на события 1905 г. в России. Подавляющее большинство представителей высшей бюрократии и общественности, говоря о революции в России, имели в виду вооруженные антиправительственные выступления конца 1905 – начала 1906 гг. Их подавление означало конец «революции». Однако решения о кардинальном переустройстве системы государственного управления, принятые ранее на фоне событий, которые современники отнюдь не считали революцией, вселяли во многих надежду на то, что революция как переустройство в России будет продолжаться, и страна пойдет по пути системных политических реформ.

**The Time of Troubles** Sergei Fedorovich Platonov, 1970 Sergei Feodorovich Platonov's *Time of Troubles* is a classic study of the years 1598-1613 a turbulent and decisive period in Russian history Available for the first time in English this work will be a valuable tool for students of the medieval as well as modern periods Platonov himself a tragic victim of the regimentation imposed on Soviet cultural life in the 1920s was born in 1860 and attained immense public and professional recognition in Russia as a leading historian In his work he synthesized to a high degree two major traditions of Russian historiography the St Petersburg school which emphasized the collection and rigorous use of primary sources and the Moscow school with its socioeconomic and geopolitical approaches *Time of Troubles* represents the finished product of a lifetime spent in research writing and teaching In broad terms it treats nearly a century and a half of Russian history 1500-1648 in detail it scrutinizes developments in the Muscovite State from 1598 to 1613 Some of the major issues covered in this volume are the growing consolidation of Muscovite absolutism and the formation of a national state the expansion of Muscovy to the west and southeast the demise of the boyar class and the rise of the service gentry the emergence of serfdom as the social basis of Muscovite society the cataclysmic end of one dynasty the House of Rurik and the beginnings of another the House of Romanov For Platonov who devoted most of his career as a scholar to the study of these dramatic years the epoch marked nothing less than the great divide between medieval Muscovy and modern Russia witnessing the downfall of an essentially patrimonial regime and its replacement after fierce struggles by a more modern state founded on a new constellation of social groups
