A General Introduction to the Sacred Scriptures Joseph Dixon, 1853 *The Doctrine of Sacred Scripture* George Trumbull Ladd, 1883 The Doctrine of Sacred Scripture George Trumbull Ladd, 1883 **Introduction to the Sacred Scriptures** John MacDevitt, 1889 **Sacred Scripture** Charles Dollen, James K. Gordon, 2019-03-15 In six closely reasoned chapters Joseph Gordon presents a detailed account of a Christian doctrine of Scripture in the fullest context of systematic theology Divine Scripture in Human Understanding addresses the confusing plurality of contemporary approaches to Christian Scripture both within and outside the academy by articulating a traditionally grounded constructive systematic theology of Christian Scripture Utilizing primarily the methodological resources of Bernard Lonergan and traditional Christian doctrines of Scripture recovered by Henri de Lubac it draws upon achievements in historical critical study of Scripture studies of the material history of Christian Scripture reflection on philosophical hermeneutics and philosophical and theological anthropology and other resources to articulate a unified but open horizon for understanding Christian Scripture today Following an overview of the contemporary situation of Christian Scripture Joseph Gordon identifies intellectual precedents for the work in the writings of Irenaeus Origen and Augustine who all locate Scripture in the economic work of the God to whom it bears witness by interpreting it through the Rule of Faith Subsequent chapters draw on Scripture itself classical sources such as Irenaeus Origen Augustine and Aquinas the fruit of recent studies on the history of Scripture and the work of recent scholars and theologians to provide a contemporary Christian articulation of the divine and human locations of Christian Scripture and the material history and intelligibility and purpose of Scripture in those locations The resulting constructive position can serve as a heuristic for affirming the achievements of traditional historical critical and contextual readings of Scripture and provides a basis for addressing issues relatively underemphasized by those respective approaches The Study of Sacred Scripture Paul Y. Saint Thomas (Aquinas),2020 Thomas Aquinas was one of the most significant Christian thinkers of the middle ages and
ranks among the greatest philosophers and theologians of all time In the mid thirteenth century as a teacher at the
University of Paris Aquinas presided over public university wide debates on questions that could be put forward by anyone
about anything The Quodlibetal Questions are Aquinas s edited records of these debates Unlike his other disputed questions
which are limited to a few specific topics such as evil or divine power Aquinas s Quodlibetal Questions contain his treatment
of hundreds of questions on a wide range of topics from ethics metaphysics philosophy of mind and philosophy of religion to
dogmatic theology sacramental theology moral theology eschatology and much more And unlike his other disputed questions
none of the questions treated in his Quodlibetal Questions were of Aquinas s own choosing they were all posed for him to
answer by those who attended the public debates As such this volume provides a window onto the concerns of students
teachers and other interested parties in and around the university at that time For the same reason it contains some of

their interest throughout the centuries *The Inspiration and Authority of Holy Scripture* George Duncan Barry,1919
