It is time to stand strong in the truth of the Word of God and reject Satan's lies and deception that are so prevalent in today's society. It is time to relentlessly resist and defeat the kingdom of darkness with the spiritual weapons that God has entrusted unto each one of us. We are called to take up the mantle of a soldier of God and walk in the authority and power of the Holy Spirit. We are encouraged to preach the gospel message, heal the brokenhearted, preach deliverance to the captives, recover sight to the blind, and set at liberty those that are bruised, just as Jesus did. The challenge has been set before us now: it is time to go forth boldly and finish the race that He has set before us. Written to help all of us better understand the truth of the Word of God and how it can be applied to our lives today and to reveal the inroads that Satan and the kingdom of God have made into society today, it is a call to repentance and a turning away from deception and false teaching of doctrines that many have been entangled in. It is designed to allow the light of God's truth to permeate our minds and hearts and to eradicate the lies that Satan has woven into our lives and especially into society today. It is meant to equip us with the spiritual weaponry that we need to successfully fight the kingdom of darkness with the full authority and power of the Holy Spirit, who lives within true believers. In Christ, Jesus has won the victory on the Cross at Calvary; we simply need to apprehend that victory for our personal lives. *The Birth of the Lukan Narrative* Mark Coleridge, 1993-01-01 As a narrative critical study of the Lukan Infancy Narrative, this is a work which puts new questions to an old and some would claim over-interpreted text. The work traces through the Infancy narrative two trajectories: one theological, the other epistemological. At the point of theology, Luke focuses upon God and the strange shape of the divine visitation at the point of epistemology, Luke focuses upon the human being and what is needed to recognize the divine visitation given its strangeness. The study then shows how the two trajectories converge in the Infancy Narrative's last episode, the Finding of the Child in the Temple. Though often accorded scant attention, this is an episode which Coleridge argues is the true climax of the Infancy Narrative since it is only then that Jesus is born in the narrative as the protagonist; he will prove consistently to be and only

then that the Lukan Narrative itself is born It is this rather than any physical birth which most absorbs Luke in the first two chapters of the Gospel Though a study of the Infancy narrative this is a work with far reaching implications for the whole of Luke Acts **Tracts on the teaching of the Bible respecting the way of obtaining eternal life** John Venn,1881
