## **Phoenix Program:**

*The Phoenix Program* Douglas Valentine, 2014-06-10 This shocking expose of the CIA operation aimed at destroying the Vietcong infrastructure thoroughly conveys the hideousness of the Vietnam War Publishers Weekly In the darkest days of the Vietnam War America s Central Intelligence Agency secretly initiated a sweeping program of kidnap torture and assassination devised to destabilize the infrastructure of the National Liberation Front NLF of South Vietnam commonly known as the Viet Cong The victims of the Phoenix Program were Vietnamese civilians male and female suspected of harboring information about the enemy though many on the blacklist were targeted by corrupt South Vietnamese security personnel looking to extort money or remove a rival Between 1965 and 1972 more than eighty thousand noncombatants were neutralized as men and women alike were subjected to extended imprisonment without trial horrific torture brutal rape and in many cases execution all under the watchful eyes of US government agencies Based on extensive research and in depth interviews with former participants and observers Douglas Valentine s startling expos blows the lid off of what was possibly the bloodiest and most inhumane covert operation in the CIA s history The ebook edition includes *The Phoenix Has Landed* a new introduction that addresses the Phoenix style network that constitutes America s internal security apparatus today Residents on American soil are routinely targeted under the guise of protecting us from terrorism which is why more than ever people need to understand what Phoenix is all about [The Phoenix Program](#) Vance Ferton, *The Phoenix Program* emerged from the recognition by American intelligence officials in the mid 1960s that the Vietnam conflict could not be won through conventional military operations alone but required a systematic effort to dismantle the political and administrative infrastructure that enabled communist forces to operate effectively throughout South Vietnam This realization marked a fundamental shift in American strategy from purely military approaches to a more complex understanding of counterinsurgency that emphasized the importance of controlling civilian populations and eliminating the organizational networks that supported enemy operations The intellectual foundations of the Phoenix Program can be traced to the experiences of American advisors who had observed successful counterinsurgency operations in other conflicts particularly the British campaign against communist insurgents in Malaya during the 1950s The Malayan Emergency had demonstrated that defeating guerrilla forces required more than battlefield victories but necessitated systematic efforts to identify and eliminate the civilian support networks that provided intelligence recruitment and logistical assistance to insurgent organizations These lessons suggested that victory in Vietnam would require similar attention to the political dimension of the conflict **The Phoenix Program and Contemporary Counterinsurgency** William Rosenau, Austin G. Long, 2009 Modern day advocates of the Phoenix Program argue that it was devastatingly effective against the Viet Cong infrastructure during the Vietnam War but detractors condemn it as a merciless assassination campaign The authors provide a fresh assessment of the program and identify aspects that are relevant for contemporary counterinsurgency *Targeting*

*Terrorists* Avery Plaw, 2008 Targeting Terrorists A License to Kill examines the political history and ethics of targeted killing Avery Plaw's analysis addresses the questions of moral political and legal justification in the context of the current war on terror and of legitimate illegitimate forms of counter terrorism more generally

*Ashes to Ashes* Dale Andradé, 1990 Draws on interviews with former operatives and on government documents to present a highly positive account of the controversial rural pacification program from its inception in 1967 to the departure of its American advisors and collapse of the program in 1973 Annotation copyrighted by Book News Inc Portland OR

War is an essential historic reference to help humanity learn the lessons of suffering and sacrifice from one of the bloodiest conflicts of the 20th century The Fiscal Year 2015 Budget for Veterans' Programs United States. Congress. Senate. Committee on Veterans' Affairs,2015 **Phoenix Firebird's Missions** Edmundo Britson,2021-06-02 The Vietnam War was a long costly and divisive conflict that pitted the communist government of North Vietnam against South Vietnam and its principal ally the United States In 1967 during the Vietnam War the U S Central Intelligence Agency CIA created a program called Phoenix to help us win the war It was intended to neutralize kill capture or get rid of all people helping the insurgency in South Vietnam Phoenix had no forces of their own but they could get anything they needed from our military If they wanted a village napalmed they just radioed it in If they wanted a forest removed to kill a sniper pinning down a company the air force would drop a 500 pound bomb on request **Western City** ,1930 Southwestern Medicine ,1930 *A Dirty, Inglorious Affair: the Phoenix Program in Vietnam* Michael Gabbe-Gross,California State University, Sacramento,2012 This thesis offers an analysis of the Phoenix Program a counterinsurgency operation during the Vietnam War From 1967 to 1972 American military advisors worked with South Vietnamese military and police forces to defeat a Communist insurgency deeply enrooted in the Vietnamese society The Viet Cong Infrastructure VCI accessed all levels of the South Vietnamese government in Saigon and helped defeat the regime Using a variety of techniques including propaganda monetary rewards imprisonment and torture the Phoenix Program eliminated tens of thousands of VCI members but in the process innocents died and Phoenix acquired the label of an assassination program Journalists and anti war demonstrators took up this label hoping to bring an end to the war The war became a dirty conflict with accusations of brutality and war crimes on both sides The United States portrayed itself as a defender of freedom and human rights but after years of frustration American officials looked for a way out by any means necessary The Vietnam War divided a nation and in the years since historians cannot agree on the war s legacy Either the United States fought for righteous reasons or politicians deceived the American people for decades on the importance of Vietnam in world affairs Phoenix mired in claims of cruelty equally has a clouded heritage The war ended in defeat for the United States making it difficult to judge the Phoenix Program s impact In an attempt to win the war for the Saigon government Phoenix advisors took the fight directly to the insurgency but in the process their actions and those of the South Vietnamese working in the Phoenix Program committed violations and atrocities the sullied the program and the overall war effort The tremendous amount of writing on the Vietnam War allows scholars to look back on the period and analyze almost any topic even sensitive operations such as the Phoenix Program This thesis draws from soldiers memoirs from both sides of the conflict newspaper articles and Congressional hearing transcripts These records provide firsthand accounts of the war from the Phoenix offices and the difficulty in fighting the Communist insurgency In order to understand what the Phoenix Program was it is important to listen to the voices of those involved Equally the newspaper articles and Congressional hearings reveal Phoenix s impact on the home front Articles from Time Newsweek and

newspapers around the country provide this important perspective as Americans learned of the actions of their military overseas Finally secondary accounts also assisted in the formation of my analysis with a reliance on the work of Dale Andrad Mark Moyar and Douglas Valentine By analyzing the various sources on the Phoenix Program and the Vietnam War this thesis uncovers examples of brutality committed against the Vietnamese citizenry forcing the question of what kind of program was Phoenix an attempt at defeating the insurgency by any means necessary or a ruthless program bent on eradication of any suspected of harboring anti Saigon leanings Those involved with the program defended their actions while those on the outside condemned it Phoenix became infamous because of its secretive nature and the large number of accusations leveled against it The Phoenix Program did not intend to become an assassination operation but in the course of fighting the insurgency many people including innocent South Vietnamese died In the end the Phoenix Program became just another frustrating failure during the Vietnam War
