

Paris Revolution

Julia Nicholls

Paris Revolution:

Paris as Revolution Priscilla Parkhurst Ferguson, 2022-07-15 In nineteenth century Paris passionate involvement with revolution turned the city into an engrossing object of cultural speculation For writers caught between an explosive past and a bewildering future revolution offered a virtuoso metaphor by which the city could be known and a vital principle through which it could be portrayed In this engaging book Priscilla Ferguson locates the originality and modernity of nineteenth century French literature in the intersection of the city with revolution A cultural geography Paris as Revolution reads the nineteenth century city not in literary works alone but across a broad spectrum of urban icons and narratives Ferguson moves easily between literary and cultural history and between semiotic and sociological analysis to underscore the movement and change that fueled the powerful narratives defining the century the city and their literature In her understanding and reconstruction of the guidebooks of Mercier Hugo Vall s and others alongside the novels of Flaubert Hugo Vall s and Zola Ferguson reveals that these works are themselves revolutionary performances ones that challenged the modernizing city even as they transcribed its emergence This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994 [Revolutionary Thought after the Paris Commune, 1871-1885](#) Julia Nicholls, 2019-07-18 The first comprehensive account of revolutionary and socialist thought after the 1871 Paris Commune France s last nineteenth century revolution [Revolutionary Justice in Paris, 1789-1790](#) Barry M. Shapiro, 2002-10-03 This book examines how France s revolutionary authorities handled political opposition in the year following the fall of the Bastille Though demands for more severe treatment of the enemies of the new regime were frequently and loudly expressed and though portents and warning signs of the coming unwillingness to tolerate opposition were hardly lacking political justice in 1789-90 was in fact characterized by a remarkable degree of indulgence and forbearance Through an investigation of the judicial affairs which attracted the most public attention in Paris during this period this study seeks to identify the factors which produced a temporary victory for policies of mildness and restraint *Paris* Colin Jones, 2006-04-04 From the Roman Emperor Julian who waxed rhapsodic about Parisian wine and figs to Henry Miller who relished its seductive bohemia Paris has been a perennial source of fascination for 2 000 years In this definitive and illuminating history Colin Jones walks us through the city that was a plague infested charnel house during the Middle Ages the bloody epicenter of the French Revolution the muse of nineteenth century Impressionist painters and much more Jones s masterful narrative is enhanced by numerous photographs and feature boxes on the Bastille or Josephine Baker for instance that complete a colorful and comprehensive portrait of a place that has endured Vikings Black Death and the Nazis to emerge as the heart of a resurgent Europe This is a thrilling companion for history buffs and backpack or armchair

travelers alike **The Women of Paris and Their French Revolution** Dominique Godineau, 1998-02-16 During the French Revolution hundreds of domestic and working class women of Paris were interrogated examined accused denounced arrested and imprisoned for their rebellious and often hostile behavior Here for the first time in English translation Dominique Godineau offers an illuminating account of these female revolutionaries As nurturing and tender as they are belligerent and contentious these are not singular female heroines but the collective common women who struggled for bare subsistence by working in factories in shops on the streets and on the home front while still finding time to participate in national assemblies activist gatherings and public demonstrations in their fight for the recognition of women as citizens within a burgeoning democracy Relying on exhaustive research in historical archives police accounts and demographic resources at specific moments of the Revolutionary period Godineau describes the private and public lives of these women within their precise political social historical and gender specific contexts Her insightful and engaging observations shed new light on the importance of women as instigators activists militants and decisive revolutionary individuals in the crafting and rechartering of their political and social roles as female citizens within the New Republic The Making of Revolutionary Paris David Garrioch, 2002-09-17 An excellent general history as well as an innovative synthesis of new research The Making of Revolutionary Paris offers vivid portraits of individual lives accounts of social trends and analyses of significant events exploring the evolution of Parisian society during the eighteenth century and revealing the city's pivotal role in shaping the French Revolution **BOOK JACKET** The Students of Paris and the Revolution of 1848 John G. Gallaher, 1980 In the February revolution of 1848 French students and their allies from the Latin Quarter stirred a peaceful crowd at the Madeleine into a turbulent mob marching on the Chamber of Deputies Students constructed manned and even commanded barricades throughout Paris while medical students cared for the wounded of both sides John G Gallaher is the first historian to analyze the crucial role played by these students in the revolution that deposed Louis Philippe and created the Second Republic He looks at conditions in the academic community on the eve of the revolution He then traces the role played by students during the course of the revolution and the days after Finally he explains why the students who supported the revolution in February turned against the workers and artisans of Paris when the barricades were raised again in June In spite of a tradition of revolution these students favored moderate reform not political and social upheaval **The Great French Revolution. 1789-1793. Transl. from the French by N.F. Dryhurst** Petr Alekseevič Kropotkin, 1909 The Commune of Paris Petr Alekseevich Kropotkin (knižka), 1909 **The Revolutionary Temper** Robert Darnton, 2023-11-02 A brilliant account of the coming of the French Revolution and the culminating work of this most distinguished historian Events do not come naked into the world They come clothed in attitudes assumptions values memories of the past anticipations of the future hopes and fears and many other emotions To understand events it is necessary to describe the perceptions that accompany them for the two are inseparable When a Parisian crowd stormed the Bastille in July 1789 it

triggered an event of global consequence the overthrow of the monarchy and the birth of a new society Most historians account for the French Revolution by viewing it as the outcome of underlying conditions such as a faltering economy class conflict or Enlightenment ideology Without denying any of these Robert Darnton offers a different explanation what Parisians themselves those at the centre of the Revolution thought was happening at the time and how it guided their actions To understand the rise of what he calls the revolutionary temper Darnton draws on a lifetime s study of pamphlets books underground newsletters songs and public performances exploring Paris as an information society not unlike our own Its news circuits were centred in cafes and market places on park benches and under the Palais Royal s Tree of Cracow a favourite gathering place for gossips He shows how the events of forty years from disastrous treaties official corruption and royal scandal to thrilling hot air balloon ascents and a new conception of the nation all entered the collective consciousness of ordinary Parisians As news and opinion travelled across this profoundly unequal society public trust in royal authority eroded its legitimacy was undermined and the social order unravelled Much of Robert Darnton s work has explained the hidden dynamics of history never more so than in this exceptional book It is a riveting narrative but it adds a new dimension the perceptions of contemporary Parisians which allows us to see these momentous decades afresh [The Revolution](#) Hippolyte Taine,1885 **Paris; Its Sites, Monuments and History** Maria Hornor Lansdale,1899 **The History of the French Revolution** Adolphe Thiers,2011-11-10 Published in the 1820s and translated into English in 1838 Thiers work remains a significant account of the French Revolution [American Revolution to the present](#) Israel Smith Clare,1897 **The French revolution** Hippolyte Adolphe Taine,1885 [The History of the French Revolution](#) Adolphe Thiers, Frederic Shoberl,1856 **The Paris Commune** Karl Marx,1902 [The French Revolution](#) Nesta Helen Webster,1920 *Paris and Its Environs* Karl Baedeker (Firm),1876 *The Works of William Makepeace Thackeray: The Paris sketch book and Little travels and road-side sketches* William Makepeace Thackeray,1911
