*Peace Philosophy and Public Life* Greg Moses,Gail Presbey,2014-03-10 To a world assaulted by private interests this book argues that peace must be a public thing Distinguished philosophers of peace have always worked publicly for public results Opposing nuclear proliferation organizing communities of the disinherited challenging violence within status quo establishments such are the legacies of truly engaged philosophers of peace This volume remembers those legacies reviews the promise of critical thinking for crises today and expands the free range of thinking needed to create more mindful and peaceful relations With essays by committed peace philosophers this volume shows how public engagement has been a significant feature of peace philosophers such as Camus Sartre Dewey and Dorothy Day Today we also confront historical opportunities to transform practices for immigration police interrogation and mental health as we seek to sustain democracies of increasing multicultural diversity In such cases our authors consider points of view developed by renowned thinkers such as Weil Mouffe Conway and Martin Bar This volume also presents critical analysis of concepts for thinking about violence reconsiders Plato's philosophy of justice and examines the role of ethical theory for liberation struggles such as Occupy

**Groundwork for a Philosophy of Peace** Leon Kabasele,2015-01-05 In *Groundwork for a Philosophy of Peace* readers will learn how human beings are capable of analyzing peace in the world Readers will understand the meaning of politics according to the viewpoints of Aristotle and Immanuel Kant This book is not for reading only it is for developing ideas that human beings have been ignoring for many generations during which time the world has existed in ignorance without a good plan for the future The conflict started when human beings started to develop and multiply on earth and expanded as they populated the entire world The consciousness of human beings is based on living in harmony but there are just few people who enjoy a better life in the world More people become depressed in their own countries when their authorities do not provide them with the peace they need On other hand the population refuses to respect the principles of their authorities Sometime the feelings are reciprocal the citizens need to

claim their rights but the authorities feel the citizens are against them Also the authorities want to solve the citizens problems but the citizens feel that the authorities are not working for them Many people will discover that Groundwork for a Philosophy of Peace is a new philosophy for peace It is about thinking deeper about the situation and debating the matters that need to be resolved When you finish reading this book please read also The World s Problems and Solutions Diversity Issues Analysis Dealing with Human Race Human Rights Philosophy Scientific Religious and World Economic Issues *The Ways of Peace* J. Gray Cox,1986-01-01 **Doing Philosophy at the Movies** Richard A. Gilmore,2012-02-01 Doing Philosophy at the Movies finds the roots of profound philosophical ideas in the relatively ordinary context of popular mostly Hollywood movies Richard A Gilmore suggests that narratives of popular films like Hitchcock s Vertigo John Ford s The Searchers Woody Allen s Crimes and Misdemeanors the Coen Brothers Fargo and Danny Boyle s Trainspotting mirror certain epiphanies in the works of great philosophers Via Plato Aristotle Kant Nietzsche Wittgenstein and Z iz ek Gilmore addresses such themes as the nature of philosophy the possibility of redemption through love catharsis the sublime and the human problem of death Gilmore argues that seeing these movies through the lens of certain philosophical ideas can show how deeply relevant both philosophy and the movies can be **The Philosophy of Peace: With Introductory Letters by Albert Einstein and Thomas Mann** John Somerville,2009-07 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *The Powers and Aims of Western Democracy* William Milligan Sloane,1919 [The Advocate of Peace](#) ,1895 **The Philosophy of Peace** John Somerville,1954 [Official Report of the Proceedings of the Pennsylvania Arbitration and Peace Conference, Held in Philadelphia, May 16, 17, 18, and 19, 1908](#) Pennsylvania arbitration and peace conference. 1st, Philadelphia, 1908,1908 **Peace Philosophy in Action** Candice C. Carter,2010-09-27 This book documents recent and historical events in the theoretically based practice of peace development Its diverse collection of essays describes different aspects of applied philosophy in peace action commonly involving the contributors continual engagement in the field while offering support and optimal responses to conflict and violence **Official Report of the Proceedings of the Pennsylvania Arbitration and Peace Conference ...** ,1908 **Educating for Peace in a Time of "permanent War"** Paul R. Carr,Bradley J. Porfilio,2012 What is the meaning of peace why should we study it and how should we achieve it Although there are an increasing number of manuscripts curricula and initiatives that grapple with some strand of peace education there is nonetheless a dearth of critical cross disciplinary international projects books that examine peace education in conjunction with war and conflict Within this volume the authors contend that war military conflict violence are not a nebulous far away mysterious venture rather they argue that we are all collectively involved in perpetrating and perpetuating militarization conflict violence inside

and outside of our own social circles Therefore education about and against war can be as liberating as it is necessary If war equates killing can our schools avoid engaging in the examination of what war is all about If education is not about peace then is it about war Can a society have education that willfully avoids considering peace as its central objective Can a democracy exist if pivotal notions of war and peace are not understood practiced advocated and ensconced in public debate These questions according to Carr and Porfilio and the contributors they have assembled merit a critical and extensive reflection This book seeks to provide a range of epistemological policy pedagogical curriculum and institutional analyses aimed at facilitating meaningful engagement toward a more robust and critical examination of the role that schools play and can play in framing war militarization and armed conflict and significantly the connection to peace

**Critical Issues in Peace and Education** Peter Pericles Trifonas, Bryan Wright, 2014-04-04 This collection asks theorists and educational practitioners from around the world influenced by the schools of feminist pedagogy critical pedagogy anti racist or postcolonial pedagogy and gay and lesbian pedagogy to reflect upon the possibilities of articulating a curriculum of difference that critically examines the cross cultural issues of peace and education that are at the forefront of global education issues today Contributors examine the conceptualizations of peace and education within between and across cultures through the conceptualization of pedagogical possibilities that create an openness toward the horizons of the other within communal formations of difference permeating the public sphere They take up new ways of questions related to globalization difference community identity peace democracy sexuality ethics conflict politics feminism technology language rights cultural politics Marxism and deconstruction that have a vast literary history in and outside the area of education This volume makes a significant contribution to the question of difference and its quintessential role in peace education for the new millennium
