steps
to

improving student behavior

- 1. Problem Identification.** Your student identifies the issue that resulted in the behavior, reviews behavior expectations, and accepts responsibility for the behavior.
- 2. Prevention.** Your student identifies a replacement behavior to use instead. (Ask what you can do differently next time to help your student manage her behavior.)
- 3. Development of an Action Plan.** You and your student develop a specific, simple, and concise plan to follow next time a similar situation pops up.
- 4. Commitment.** When the student is calm, review the action plan with him, have him repeat the steps, and ask “are you able to do these steps?” Your student should confirm that he sees the plan as reasonable and do-able.
