Lewis,2017-01-05 The Handbook of Scientology brings together a collection of fresh studies of the most persistently controversial of all contemporary New Religions In recent years increasing scholarly attention has been directed at the Church of Scientology resulting in a small tsunami of new scholarship We have finally reached a point in time where a book on Scientology need not restrict itself to basics Thus for example the historical chapters in the present volume are not really aimed at providing elementary facts on Scientology s background but rather focus on understanding how the Church of Scientology developed over the years In short the Handbook of Scientology will provide a wealth of new information on a topic that one might otherwise have thought exhausted Contributors are Matthew Charet Dorthe Refslund Christensen Carole M Cusack Bernard Doherty Marco Frenschkowski Liselotte Frisk Kjersti Helles y Don Jolly James R Lewis Renee Lockwood Andr s M t T th G bor D niel Nagy Johanna Petsche Erin Prophet Susan Raine David G Robertson Mikael Rothstein Lisbeth Tuxin Rubin Nicole S Ruskell Shannon Trosper Schorey Michelle Swainson Inga B rdsen T llefsen Hugh G Urban Donald A Westbrook and Benjamin Zeller **The Kingdom of the Cults** Walter Martin,2019-05-21 In an era of rapid growth of false religions worldwide Christians need information they can trust This comprehensive new edition of the leading book on cults will equip you no matter your background to understand and use biblical truth to counter false religions including many that masquerade as mainstream Christianity Reflecting the developments in cults and world religions in recent years this edition updated by expert Jill Martin Rische daughter of Walter Martin gives you the authoritative information you need to know As our culture becomes less and less outwardly Christian awareness of the belief systems of those around us has never been more vital Readable and reliable for everyone whether you re a teacher a pastor or a regular church attender **The Kingdom of the Cults** remains the go to reference book on this crucial topic **Phoenix Lectures** L. Stoddard's Lectures: Ireland. Denmark. Sweden** John Lawson Stoddard,1901 **Among the Scientologists** Donald A. Westbrook,2018-11-01 The Church of Scientology is one of the most recognizable American born new religions but perhaps the least understood With academic and popular interest on the rise many books have been written about Scientology and surely more will follow Although academics have begun to pay more attention to Scientology the subject has received remarkably little qualitative attention Indeed no work has systematically addressed such questions as what do Scientologists themselves have to say about their religion s history theology and practices How does Scientology act as a religion for them What does lived religion look like for a Scientologist This is not so much a book about the Church of Scientology its leaders or its controversies as it is

a compilation of narratives and histories based on the largely unheard or ignored perspectives of Scientologists themselves Drawing on six years of interviews fieldwork and research conducted among members of the Church of Scientology this groundbreaking work examines features of the new religion s history theology and praxis in ways that move discussion beyond apostate driven and expos accounts *Scientology* James R. Lewis,2009-03-11 Scientology is arguably the most persistently controversial of all contemporary New Religious Movements James R Lewis has assembled an unusually comprehensive anthology incorporating a wide range of different approaches In this book a group of well known scholars of New Religious Movements offers an extensive and evenhanded overview and analysis of all of these aspects of Scientology including the controversies to which it continues to give rise *Lectures on Dramatic Art and Literature* August Wilhelm von Schlegel,1889 **John L.
