Moment** David Jones, 2012-01-24 This book is about having ideas and a much longer haul making them work David Jones best known for his Daedalus column tells a multitude of stories about creators and their creations including his own fantastical seeming contributions to mainstream science such as the unrideable bicycle and chemical gardens in space His theory of creativity endows each of us with a Random Ideas Generator a Censor and an Observer Reasoner Jones applies his theory to a wide range of weird scientific experiments that he has conducted for serious scientific papers for challenging printed expositions and for presentations to a TV audience He even suggests new ones not yet tried Creativity is as essential to science as curiosity physical intuition and

shrewd deduction from well planned experiments But says Jones ingenuity is very uncertain Even for the greatest inventors about 80 percent of ideas fail Jokinness can help and so can lots of random data Jones has plenty of clever advice that will help spark that madly brilliant private thought in the first place and will encourage you to take it further Neither dense nor demanding The Aha Moment is engrossing edifying and scientifically serious yet it is lightly written and asks lots of silly questions As Jones shows it can often pay to take an absurd idea seriously **Love Wins** H. Palmer,2018-09-28 H Palmer was brokenhearted when she began to notice that her toddler son Dan had an abnormal development She became even more heartbroken when she learned that he was autistic followed by his asthma and challenging behavior in later years On her own with him she lived one day at time in an inconsolable state craving for better days to come Her failed attempts to understand the cause and healing of her son did not stop her She risked everything in search of a cure for him His abnormal behavior began to improve and his love for cooking arose A change of mind and attitude caused loving and believing and a miracle was emerging A rescue from that condition was happening Or could it be that the main cause of the miracle was love
