## Miniature Stuff:

The Small Stuff of Roman Antiquity Emily Gowers,2025-01-21 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more Why are the small and unimportant relics of Roman antiquity often the most enduring in material form and in our affections Through close encounters with minor things such as insects brief lives quibbles irritants and jokes Emily Gowers provocatively argues that much of what the Romans dismissed as superfluous or peripheral in fact took up immense imaginative space It was often through the small stuff that the Romans most acutely probed and challenged their society's overarching values and priorities and its sense of proportion and justice There is much to learn from what didn't or shouldn't matter By marking the spots where the apparently pointless becomes significant this book radically adjusts our understanding of the Romans and their world as well as our own minor feelings and intimate preoccupations Catalog of Copyright Entries. Third Series Library of Congress.
