Orange County:

A History of Orange County, Virginia William Wallace Scott, 1907 Orange County Doris I. Walker, 2009 Relatively small in size among California's counties at 789 square miles Orange County supports one of the nation's largest county populations three million Yet this county is surprisingly rich in its diversity of natural elements Bounded all around by a spectacular seacoast and rambling hills it contains a portion of Cleveland National Forest including two mile high mountain peaks Orange County has numerous canyons dramatic in looks and legend as well as the Santa Ana River with its seasonal branching tributaries Yet extensive acreage within this forward looking county is being permanently preserved as wilderness parks preserves and conservancies as governmental and private agencies respond to the ecological challenges of the future

Orange County Chris Epting, 2011-01-24 Orange County was created in 1889 Soon wilderness evolved into farmlands and communities supported by a year round harvest of Valencia oranges lemons avocados walnuts and more In the 1950s aerospace and industry expanded here and today the county boasts more than three million people This collection features side by side historic comparisons of many local institutions from orange groves to beaches to Disneyland Chris Epting is the author of 17 books including Vanishing Orange County and Huntington Beach [History of Orange County, California](#)

Samuel Armor, 1921 **Orange County Chronicles** Phil Brigandi, 2013-10-22 Orange County is one of the best known yet least understood counties in California The popular image of beautiful people in beach cities is certainly accurate But the Orange County that is often overlooked includes workaday lives in Anaheim the barrios of Santa Ana townhouse living in Brea and the diverse communities of Little Saigon Little Texas Los Rios La Habra and Silverado Canyon Modern Orange County offers very little sense of history and it sometimes seems as if the urbanization of the 1960s is all that defines the place Orange County historian Phil Brigandi fills in the gaps with this collection of essays that explores the very creation of the county as well as pressing issues of race citrus attractions and annexation *Orange County Noir (Akashic Noir)* Gary Phillips, 2010-04-01 You may be disturbed or possibly titillated to discover what can happen once you cross the Orange Curtain There s a dark side to most places even California s sunny Orange County Edgar winner T Jefferson Parker observes in his foreword to this outstanding entry in Akashic s noir series one of the stronger of the all original anthologies The crisp often seductive prose of the 14 contributors most of them relatively unknown is a tribute to the critical judgment of the editor Publishers Weekly Starred Review Akashic Books continues its groundbreaking series of original noir anthologies launched in 2004 with Brooklyn Noir Each story is set in a distinct neighborhood or location within the city of the book Brand new stories by Susan Straight Robert S Levinson Rob Roberge Nathan Walpow Barbara DeMarco Barrett Dan Duling Mary Castillo Lawrence Maddox Dick Lochte Robert Ward Gary Phillips Gordon McAlpine Martin J Smith and Patricia McFall with a foreword by T Jefferson Parker From the introduction by Gary Phillips Orange County brings to mind McMansion housing tracts massive shopping centers with their own zip codes where Pilates classes are run like boot camp and real estate values are discussed at your weekly colonic and ice cream parlors on Main Street U S A side by side with pho shops and taquer as Los Angeles has been and continues to be explored as the place where noir if it wasn t spawned there sure as hell flowered But what about its neighbor to the south What secrets do Orange County s denizens have to tell or hide This volume like

coming in from a sudden storm and then being gripped by a heavy riff from Bird s horn takes you on a hard boiled tour behind the Orange Curtain Among those you ll meet are a reclusive rock star who has lived way too long in his twisted head a crooked judge who uses the court for illicit means a cab driver prowling the streets with more than the ticking meter on his mind In Orange County Noir cultures clash housewives want more than the perfect grout cleaner and nobody is exactly who they seem to be *The Orange County Fair: A History of Celebration* Chris Epting,2015-07-20 The Orange County Fair is one of Southern California s most anticipated summer events From its first year in 1890 with a few livestock exhibits and horse races the fair evolved into what is now a month long extravaganza of rides games and entertainment that still celebrates the importance of local agriculture Millions of visitors have crowded the grounds over the years to enjoy the spectacle of everything from ostrich races and demolition derbies to its unique Centennial Farm and the time honored All Alaskan pig race Author Chris Epting recounts more than a century of community history and revelry at the OC Fair

Historic Photos of Orange County ,2008-12-01 Perpetual sunshine palm trees miles of unbroken beaches yachts cliff top mansions millionaires these are the images of Orange County that come to mind for many people and there is much truth in this depiction for Orange County is a place of boundless natural wonders that attracts more than 25 million tourists a year However the full story of Orange County is far more complex It s a story of Jua eno Indians conquistadors Franciscan padres rancheros wildcatters artists and filmmakers *Historic Photos of Orange County* offers some 200 images drawn from the county s fascinating past from the mission ruins of San Juan Capistrano to the turn of the century celery fields of Westminster to the eye popping fantasia of a young Disneyland By East Coast standards Orange County is a relative baby just over a century old and tiny compared with most California counties but its population is second only to neighboring Los Angeles County and growing every day This volume captures the story of Orange County s evolution from a sleepy backwater suburb of Los Angeles to an international tourist destination **Orange County** ,2005 The formerly wide open space southeast of Los Angeles blossomed from cattle ranches into a center of citrus production by the early 20th century Orange County separated from Los Angeles County in 1889 soon Anaheim and Santa Ana changed from farming communities to major cities while coastal communities grew beyond anyone s imagination One of the most populous counties in the United States today Orange County began in the mid 20th century to evolve from its bedroom community status to become an urban suburban region with its own identity This collection of vintage postcards follows the county s diverse development illustrating such spots as Disneyland and the area s world renowned beaches as well as remembering the pastoral origins industries unique buildings and cityscapes that have added dimension to its history *Vanishing Orange County* Chris Epting,2008-11-10 Orange County formally separated from Los Angeles County in 1889 and theres been no looking back Wilderness gave way to rich farmlands where oranges lemons avocados and walnuts made agriculture the new countys most important industry the region was actually named for the prevalence of its citrus groves The 20th century brought with it

plenty of entrepreneurs including Walter Knott and later Walt Disney along with the aerospace industry oil drilling beach culture and more But the more popular the O C became the more the past began to be lost to development and sprawl This evocative compendium of photographs revisits many of the places locals held near and dear including the Golden Bear nightclub Japanese Village Deer Park Lion Country Safari plus popular stores restaurants and of course the ever shrinking farmlands Many of these images are courtesy of the Orange County Archives and others came from the authors private collection

The New Deal in Orange County, California Charles Epting,2014-04-22 This historical tour explores how FDR s domestic programs helped revitalize a region devastated by natural disasters and the Great Depression While many people are familiar with the New Deal s sweeping initiatives few have a nuanced sense of what this alphabet soup of organizations actually did on a local level In this fascinating book historian Christopher Epting looks at the various New Deal projects undertaken in Orange County showing how they met the myriad needs of its struggling communities Unpredictably harsh elements wreaked havoc in Orange County during the Great Depression The Long Beach earthquake of 1933 and the 1938 Santa Ana River flood took numerous lives decimated buildings and destroyed much of the county s namesake citrus industry In response Orange County received federal public aid through the Works Progress Administration Civilian Conservation Corps and other agencies Epting reveals their efforts in this tour of the buildings bridges harbors trails libraries highways and other infrastructure gains many still in use that were revitalized by President Roosevelt s New Deal
