Emanuel,1998 Addressing the subject of euthanasia medical ethicist Dr Linda Emanuel assembles testimony from leading experts to provide not only a clear account of the arguments for and against physician assisted suicide and euthanasia but also historical empirical and legal perspectives on this complex and often heart rending issue *The Ethics of Terminal Care* Erich E.H. Loewy,2007-05-08 Today we have more control over how we live and how we die than we ever had before This fact has produced many ethical problems While much about life is biologically determined much else is determined by the social circumstances surrounding it Unfortunately little energy is spent dealing with the social and psychological factors within which the medical biological factors are imbedded In this volume the authors examine some of the medical social and psychological conditions which affect the way we die Important topics covered include attitudes toward death suicide assisted suicide and euthanasia hospice and pain management This volume will be of interest to all who work with terminally ill patients Shakespeare's Art of Orchestration Jean Elizabeth Howard,1984 *Textbook of Healthcare Ethics* Erich E.H. Loewy,2007-05-08 Here Erich H Loewy expands on his earlier book Textbook of Medical Ethics 1989 offering healthcare workers and students a new perspective on ethical practice Textbook of Healthcare Ethics focuses on the social conditions in which medical practice occurs and how ethical healthcare decisions involves nurses social workers psychologists technicians and patients as well as physicians This thoroughly revised and expanded edition addresses historical and theoretical underpinnings and practical concerns A series of case studies serve as a guideline for further discussion The text examines provocative issues such as organ donation care of the terminally ill abortion HIV positive healthcare professionals physician assisted suicide and experimentation with fetal tissue This is an ideal book for all members of the healthcare team as well as students and residents in any discipline of medicine **Watson's Weekly Art Journal** ,1895 Human Values in Critical
