Osho,2023-09-16 After one thousand three hundred and fifteen days of silence it feels as if I am coming to you from a totally different world In fact it is so The world of words language concepts and the world of silence are so diametrically opposite to each other they don t meet anywhere They can t meet by their very nature Silence means a state of wordlessness and to speak now it is as if to learn language again from ABC But this is not a new experience for me it has happened before too
