## CHANGING THINKING, CHANGING LANGUAGE, CHANGING LIVES

### The Power and Promise of Singles Studies

*Bella DePaulo*

Scholars of single life are at the cusp of creating a global, interdisciplinary field of Singles Studies. If we are successful, our perspectives will ultimately transform how we think about single people, how we talk about single people, and how single people experience their single lives.

What we are up against, though, is daunting – a deficit narrative about single lives, a story that describes single people as lesser than. It is an ideology that is powerful, pervasive, relentless, ensconced in laws and cultures, and rarely questioned. The assumption that single people just aren't as good as those married people, or as people with serious romantic partners, is the conventional wisdom. It is accepted as just the way things are (Roseneil et al., 2020).

In 2005, the journal *Psychological Inquiry* invited Wendy Morris and me to write about this idea in a wide-ranging target article, "Singles in Society and in Science" (DePaulo & Morris, 2005). The editors also invited ten commentaries from scholars from different disciplines and then a response from us to those ten papers. I think of that as a first step toward launching a field of Singles Studies.

The next big step was in 2007, when the *Chronicle of Higher Education* published "Make Room for Singles in Teaching and Research" in a special issue on diversity (DePaulo et al., 2007). I'm a social psychologist, and I worked with Rachel Moran, a law professor, and Kay Trimmerger, a sociologist, to issue that call to incorporate singles' perspectives throughout the higher education curriculum.

But there just weren't that many scholars who thought of themselves as scholars of single people back then. It is different now, as the first global conference on Singles Studies attests. More of us are doing relevant scholarship, and more people seem interested in learning about what we are up to.

# Our Changing Language

**RJ Shavelson**

## **Our Changing Language:**

The book delves into Our Changing Language. Our Changing Language is a vital topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Our Changing Language, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Our Changing Language
- Chapter 2: Essential Elements of Our Changing Language
- Chapter 3: Our Changing Language in Everyday Life
- Chapter 4: Our Changing Language in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Our Changing Language. The first chapter will explore what Our Changing Language is, why Our Changing Language is vital, and how to effectively learn about Our Changing Language.

3. In chapter 2, the author will delve into the foundational concepts of Our Changing Language. This chapter will elucidate the essential principles that need to be understood to grasp Our Changing Language in its entirety.

4. In chapter 3, this book will examine the practical applications of Our Changing Language in daily life. This chapter will showcase real-world examples of how Our Changing Language can be effectively utilized in everyday scenarios.

5. In chapter 4, this book will scrutinize the relevance of Our Changing Language in specific contexts. The fourth chapter will explore how Our Changing Language is applied in specialized fields, such as education, business, and technology.

6. In chapter 5, this book will draw a conclusion about Our Changing Language. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Our Changing Language.
