## Science And Beyond:

Science Beyond The Classroom Boundaries For 3-7 Year Olds Bianchi, Lynne, Feasey, Rosemary, 2011-06-01 This truly innovative practical book supports primary schools in rethinking where teaching and learning in primary science and technology should take place and in promoting the nature of pupil independence in choosing when and why to take their learning outside the classroom boundaries This approach builds on the good practice begun in Foundation Stage and ensures that children's personal capabilities are further developed in relation their understanding and skills in science by working in the school environment
