Research Background:

A. Research Overview:

The research investigates various aspects of climate change, urban development, renewable energy technologies, global health issues, and educational strategies for remote learning.

This bibliography accompanies a research paper that aims to provide comprehensive insights into these topics through a review and analysis of relevant scholarly sources.

B. Objectives:

The research aims to investigate and analyze the impacts of climate change on global agriculture, sustainable urban development practices, advancements in renewable energy technologies, global health challenges, and effective educational strategies for remote learning.

Research Results:

The research findings highlight significant impacts of climate change on global agriculture, sustainable practices in urban development, advancements in renewable energy technologies, global health challenges, and effective educational strategies for remote learning.
