Save Your Planet:

How to Save Your Planet One Object at a Time Tara Shine, 2020-04-16 an unpreachy guide free of jargon and full of often surprising information The Times Change starts at home In the office Change starts with you Your family Your friends Change starts with everyday things One object at a time Sometimes it can feel overwhelming thinking about all that needs to be done to save our planet This book is the antidote to that feeling Easy to read and easy to do here s all the information and inspiration you need to make a difference simply by making smart choices about everyday objects tasks and habits Environmental scientist Dr Tara Shine guides you from room to room and occasion to occasion with environmentally friendly solutions backed by science From swapping bottled soap to bars to replacing cling film with a simple plate you will reduce your environmental footprint in an instant while saving money This book busts persistent myths and will once and for all show that living sustainably can be both fun and convenient Besides it will not only have a positive impact on the environment but your wellbeing too Dr Tara Shine is an enlightened big picture thinker and with this book she shows that she is equally and delightfully adept at bringing details into focus This book is all about realising the power you have as an individual by informing yourself asking questions and making smart choices By getting becoming active and joining the conversation you become empowered and you do something about the problem we face rather than feeling powerless in its presence Christiana Figueres Former Executive Secretary of the United Nations Framework Convention on Climate Change

How To Save Our Planet Mark A. Maslin, 2021-05-06 Punchy and to the point No beating around the bush This brilliant book contains all the information we need to have in our back pocket in order to move forward Christiana Figueres Former Executive Secretary UN Climate Change Convention Amazing book Chris Evans Virgin Radio Breakfast Show Everyone should have this book Rick Edwards BBC Radio 5 Live A timely and important book not only laying out the facts but suggesting real solutions to the challenges facing us Professor Alice Roberts Anatomist Professor of Public Engagement in Science University of Birmingham _____ How can we save our planet and survive the 21st century How can you argue with deniers How can we create positive change in the midst of the climate crisis Professor Mark Maslin has the key facts that we need to protect our future Global awareness of climate change is growing rapidly Science has proven that our planet and species are facing a massive environmental crisis How to Save Our Planet is a call to action guaranteed to equip everyone with the knowledge needed to make change Be under no illusion the challenges of the twenty first century are immense We need to deal with climate change environmental destruction global poverty and ensure everyone s security We have the technology We have the resources We have the money We have the scientists the entrepreneurs and the innovators We lack the politics and policies to make your vision of a better world happen So we need a plan to save our planet How to Save Our Planet is your handbook of how we together can save our precious planet From the history of our planet and species to the potential of individuals and our power to create a better future Maslin inspires optimism in these

bleak times We stand at the precipice The future of our planet is in our hands It s time to face the facts and save our planet from and for ourselves _____ A handbook of clearly established authoritative facts and figures about the terrible toll we as humans have taken of our planet plus ways in which we can lessen the impact For laypeople like me who can see what is happening but haven t always got the precise statistics to hand it s hugely valuable John Simpson CBE BBC World Affairs Editor Broadcaster Author Columnist Saving the world is no small thing but picking up this book s a good start Paris Lees Contributing Editor at British Vogue campaigner I love it My kids love it Chris Evans Virgin Radio Breakfast Show A no nonsense crib sheet on the state of the world and how to help it The I Newspaper How to Save Your Planet One Object at a Time Tara Shine,2020-04-16 an unpreachy guide free of jargon and full of often surprising information The Times Change starts at home In the office Change starts with you Your family Your friends Change starts with everyday things One object at a time Sometimes it can feel overwhelming thinking about all that needs to be done to save our planet This book is the antidote to that feeling Easy to read and easy to do here s all the information and inspiration you need to make a difference simply by making smart choices about everyday objects tasks and habits Environmental scientist Dr Tara Shine guides you from room to room and occasion to occasion with environmentally friendly solutions backed by science From swapping bottled soap to bars to replacing cling film with a simple plate you will reduce your environmental footprint in an instant while saving money This book busts persistent myths and will once and for all show that living sustainably can be both fun and convenient Besides it will not only have a positive impact on the environment but your wellbeing too Dr Tara Shine is an enlightened big picture thinker and with this book she shows that she is equally and delightfully adept at bringing details into focus This book is all about realising the power you have as an individual by informing yourself asking questions and making smart choices By getting becoming active and joining the conversation you become empowered and you do something about the problem we face rather than feeling powerless in its presence Christiana Figueres Former Executive Secretary of the United Nations Framework Convention on Climate Change **Mission Save Mars** Vidyasagar Mundroy,2023-12-11 NOTHING TRAVELS FASTER THAN MSK10A IN THE UNIVERSE STOPPING IN SPACE FOR REPAIR IS NOT AN OPTION THE TIME IT TAKES TO SEARCH FOR A PERFECT PLANET IS UNKNOWABLE Halik s dream of visiting Earth comes true through an opportunity to save Mars and its people from the danger of collision with Earth or its moon He and his team take a long arduous journey from Sulok of the Triangulum galaxy to Earth to save Mars Half of a problem is said to be solved if you know the root cause of the problem Halik s team works hard to find the cause of the danger to Mars Does the team find it Saving a planet from such danger is not an easy but a mammoth task The team believes that nothing is impossible for humans But does the team succeed in saving Mars The icing on the cake would be the restoration of uninhabitable Earth Does the team transform the planet into an inhabitable Earth **GODS OF THE COSMOS** DR. SUDAKSHINA,2020-08-14 GODS OF THE COSMOS Who and where are they When and why did they leave us Do they know

about our upcoming world wars and pandemics Why don't they stop them How and why are they helping us even today What are their wish and message Ananth completes his IIT from Chennai and returns to his hometown Srirangam He is given an old map by his grandfather and clues start falling in place on his trip to a historical ancient city The adventure leads him to discover a five thousand year old undeciphered manuscript from Dvapara Yuga All this and much more directs Ananth and Siri to USA White House and the First Lady When we realize the wish and implement the message of Gods our planet has a surprise in store This book of fiction takes you into the secret realms of history science and philosophy unraveling reality
