The Olmsted staff collaborated over several years with Acadia's trail crew, one of the best in the 388-unit National Park System. Each year the Acadia Trails Forever project brings more trails up to the rehabilitation standards set forth in the cultural landscape report. Previously neglected features such as iron work, granite steps, bog bridges, log stringers, water bars, rock drains, Bates style cairns, and other historic features are carefully redone or added, complementing Acadia's natural splendor.

Pernicano provides practitioners with a needed bridge between theory and practice, a one-of-a-kind resource for therapists, counselors, and social workers who aid victims of domestic violence. Pernicano's book is organized according to the Trans-theoretical Stages of Change Model and includes stories within each section to facilitate the change process in the individual while using TF-CBT PRACTICE elements: Psycho-education about domestic violence and trauma; Relaxation and stress reduction; Affective expression and regulation; Cognitive restructuring; Trauma narrative development and processing; In vivo exposure to avoided situations; Conjoint sessions with children; and Enhancing future safety and healthy relationship development.
