## Rowing Olympics:

*An Obsession with Rings* Joanne Iverson Wright, 2016 Joanne Wright wanted to go the Olympics An amateur athlete she had taken up the sport of rowing those long skinny boats and found that she was good at it She also quickly learned that there were no rowing events for women in the Olympics Why Because the governing body for rowing in the United States viewed it as a man s sport and they would not sanction U S women to compete in international competitions When the International Olympic Committee considered the addition of women s rowing to the Olympic program the various countries were asked if they would send a women s rowing team The response from the US governing body for rowing had always been No because the men thought that women not only could not but should not row Joanne set about changing their minds In 1963 she Ted Nash an Olympic Gold Medalist training in Seattle Washington and Edwin Lickiss a dedicated coach of young rowers in Oakland California teamed up to form the National Womens Rowing Association NWRA to literally become their own governing body for women s rowing By 1966 they organized and ran the first regatta to pick national champions even though at the time there were less than nine clubs and colleges available to race This is Joanne s story of how three people communicating without the help of the internet started new rowing programs encouraged colleges to add women s crew programs provided a venue for those colleges with intramural women s crews to start competing against one another and proved to existing men s clubs that they should welcome women to their ranks of competitors The 1976 Olympics in Montreal held the first rowing events for women The United States team came home with a bronze and silver medal The second edition is now fully annotated and contains the official National Association of Amateur Oarsmen race results for women prior to the formation of the National Women s Rowing Association *Historical Dictionary of the Olympic Movement* John Grasso, Bill Mallon, Jeroen Heijmans, 2015-05-14 The Olympic Movement began with the Ancient Olympic Games which were held in Greece on the Peloponnesus peninsula at Olympia Greece It is not clear why the Greeks instituted this quadrennial celebration in the form of an athletic festival The recorded history of the Ancient Olympic Games begins in 776 B C although it is suspected that the Games had been held for several centuries by that time The Games were conducted as religious celebrations in honor of the god Zeus and it is known that Olympia was a shrine to Zeus from about 1000 B C In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals the Olympic Games seeking to use sport as a means to promote internationalism and peace This fifth edition of *Historical Dictionary of the Olympic Movement* covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on the history philosophy and politics of the Olympics major organizations the various sports the participating countries and especially the athletes This book is an excellent access point for students researchers and anyone wanting to know more about The Olympic Movement *Rowing News*, 2000-10-15 [Rowing News](#), 1996-03-10 **Olympic Rowing: Everything You Need to Know about Rowing at**
