Rubia A Picture Memory:

Human Memory Gabriel A. Radvansky, 2015-08-20 Provides students with a guide to human memory its properties theories about how it works and how studying it can help us understand who we are and why we do the things that we do For undergraduate and graduate courses in Human Memory This book provides a very broad range of topics covering more territory than most books In addition to some coverage of basic issues of human memory and cognition that are of interest to researchers in the field the chapters also cover issues that will be relevant to students with a range of interests including those students interested in clinical social and developmental psychology as well as those planning on going on to medical and law schools The writing is aimed at talking directly to students as opposed to talking down to them in a clear and effective manner Not too dense but also not too conversational as well This 2nd edition includes a series of exercises that allow the student to try out the concepts and principles conveyed in the chapters or to use as the basis for exploring their own ideas

Playful Memories Jordana Blejmar, 2016-12-28 This volume examines the blending of fact and fiction in a series of cultural artefacts by post dictatorship writers and artists in Argentina many of them children of disappeared or persecuted parents Jordana Blejmar argues that these works which emerged after the turn of the millennium pay testament to a new cultural formation of memory characterised by the use of autofiction and playful aesthetics She focuses on a range of practitioners including Laura Alcoba Lola Arias Felix Bruzzone Albertina Carri Mar a Giuffra Victoria Grigera Dupuy Mariana Eva Perez Lucila Quieto and Ernesto Sem n who look towards each other's works across boundaries of genre and register as part of the way they address the legacies of the 1976-1983 dictatorship Approaching these works not as second hand or adoptive memories but as memories in their own right Blejmar invites us to recognise the subversive power of self figuration play and humour when dealing with trauma
