*Scout-Tracker Guide* Ty Cunningham, 2016-04-27 I should take the time to thank my fellow trackers and guntoters for watching over me and especially Ty Cunningham a superb comrade at arms and a tracker who knows no equal Mark Henry The Hellriders Herein lies the methodologies of following the various trails of man The U S Marshals are the nations man hunters and the U S Marshal Scout Trackers were a breed all to their own While every other Deputy U S Marshal was busy mastering the technologies of our time the Scout Trackers were busy mastering the ancient art of primitive tracking in modern times Appearing as though from the bygone era of the 1800 s these modern U S Marshal Scout Trackers pieced together the footfalls of the criminal element in such a way as to solve the complexities of 100 s of investigative cases Some of the cases include murder burglary robbery missing and lost persons evidence recovery and crime scene cause of death and animal kill site reconstruction natural resource seizures fugitive apprehension and perimeter breach access and control This book shows the details of how it was done by professional man hunters and how this legacy is still validated through the training programs of retired Supervisory Deputy U S Marshal Cmdr Ty Cunningham former commander of the Alaska U S

Marshal Tactical Tracking Unit and patrol captain of the Wyoming U S Marshal Mounted Tracking Unit Cmdr Cunningham has said In these modern times I coined the term scout tracking and scout tracker in the late 1970 s it was not until the mid 1980 s when I began pushing the term forward professionally while in the U S Army that the term for what I did took form I have spent my whole adult career in the U S Army and U S Marshals Service using my scout tracker skills to solve hundreds and hundreds of man tracking trails as I developed and led two U S Marshals Tracking Units What is contained in this book is to be used as a Scout Tracker Guide based on the most efficient and proficient man hunting tactics techniques and procedures on the planet The U S Marshal Scout Trackers which I commanded are the last of a breed The U S Marshal Scout Tracker tradition continues in the Government Tracker Program of The Ty Cunningham Tactical System TTCTS HQ and Mountain Hawk Scouts Training in Tracking Gilcraft,2013-04-26 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork **Tracking and Stalking North American Wildlife** ,1997 One of the earliest fundamental aspects of Scouting was the art of tracking and stalking In this spirit these pages offer Scouts tips on tracking identifying the quarry and stalking it Also included are tips on safety around wildlife animal track images wildlife data and when possible sound files *Scout-Tracker* Troy A. Lettieri,2010-12-20 Tactical tracking is not new and has been a recurring tactic that has been used in every major conflict and been most prevalent in most post World War II low intensity conflicts and has again been rejuvenated in the American military for employment in the Global War on Terrorism More specifically it is being used successfully in Afghanistan and Iraq to hunt down insurgents and collect valuable intelligence to penetrate isolate and eliminate insurgent cells hiding in sanctuaries or amongst the population in plain sight This book Scout Tracker Operational and Training Notes of a Special Forces Combat Tracker provides a complete primer to the skills and tactics for scouting and tracking in a counter insurgent environment This easy to understand and employ information has been gleamed from years of tracking training under the tutelage of some of the world s most renowned combat tactical trackers and operational combat tracking experience from around the globe The intent of the book is to give the warrior on today s asymmetrical battlefield one more tool in the kit bag to bring the fight to an elusive enemy and give the soldier the necessary skill set to enhance his overall survivability and combat capability
