Practicing Evaluation A Collaborative Approach:

Practicing Evaluation Rita G. O'Sullivan, 2004-02-04 With over 20 years of evaluation experience author Rita O Sullivan has created an approach that actively engages program stakeholders in the evaluation process Practicing Evaluation A Collaborative Approach contains strategies and techniques for conducting successful collaborative evaluations in a variety of program settings including education family support health and non profit organizations Although many evaluation textbooks cover the theory and steps of an evaluation they do not often include specifics regarding how to put these concepts into actual practice in a real world setting such as a school district or business Using actual cases from educational health and business settings O Sullivan shows readers how to better involve stakeholders in the evaluation process Collaborative

Approaches to Evaluation J. Bradley Cousins, 2019-06-25 Editor J Bradley Cousins and colleagues meet the needs of evaluators seeking to implement collaborative and participatory approaches to evaluation in Collaborative Approaches to Evaluation Principles in Use Using a multi phase empirical process to develop and validate a set of principles to guide collaborative approaches to evaluation the book outlines the principles that the team developed and then provides case studies of how these principles have been applied in practice The case studies draw on programs globally in education health and community development The book is an invaluable supplementary text for program evaluation courses where students projects are focused on more collaborative and participatory approaches and it is an essential resource for practicing evaluators and those who commission program evaluations **Collaborative Evaluation in Practice** Liliana

Handbook Debra J. Rog, Leonard Bickman, 2025-03-26 This pragmatic evaluator's companion from leaders in the field provides essential guidance for designing, implementing, and managing exemplary evaluations using established and emerging methods, designs, and analyses. With contributions from skilled experts, the Handbook has a unique focus on the competencies identified by the American Evaluation Association as critical for evaluators. Balancing rigor with practical, mentor-style guidance, chapters build the reader's skills for tailoring studies creatively to address specific evaluation situations and contexts, optimizing communication and collaborative decision-making, and centering equity and justice. This insider's guide is replete with detailed examples, real-world scenarios, and other helpful features, including chapter overviews and an end-of-book glossary.

Evaluation in Sport and Leisure Andrew Adams, Kevin Harris, 2022-08-12 This book presents a critical assessment of evaluation theory and practice in sport and leisure. It considers established and emerging forms of evaluation, examines typologies, issues, contexts, and processes, and asks how evaluation practice can be improved in the future. The book seeks to uncover some of the tensions and dilemmas that are present in choosing and applying evaluation strategies. It considers the relationship between evaluation context and evaluator to discern how and why a particular strategy is employed. It also highlights how power relationships affect and effect the evaluation process itself, as well as those involved in conducting evaluations. The book encourages the reader to challenge accepted methodologies in evaluation, whilst acknowledging the central importance of evaluation and evidence for our understanding of the social impact and value of sport and leisure. This book is important reading for any student, researcher, practitioner, or policy maker with an interest in sport, leisure, and society, sport and leisure management, policy, or development, leisure studies, or the wider relationship between sport, leisure, wellbeing, and society.

The Oxford Handbook of Qualitative Research Patricia Leavy, 2014 The Oxford Handbook of Qualitative Research presents a comprehensive and student-friendly overview of the field of qualitative research and is intended for students of all levels, faculty, and researchers across the social sciences. It provides strong focus on methods instruction with coverage of theoretical approaches, analysis, writing, evaluation, and the politics of research.

Evaluation Practice for Collaborative Growth Lori L. Bakken, 2018-06-04 This book uniquely captures program evaluation concepts, methods, and strategies that are most useful to nonprofit leaders, social science professionals, and students as they engage in evaluation practice. Readers will learn how to work with key stakeholders to determine answerable questions, design studies, and analyze, interpret, and report useful findings.

[Interactive Evaluation Practice](#) Jean A. King, Laurie Stevahn, 2012-04-12 You've taken your introduction to evaluation course and are about to do your first evaluation project. Where do you begin? *Interactive Evaluation Practice: Managing the Interpersonal Dynamics of Program Evaluation* helps bridge the gap between the theory of evaluation and its practice, giving students the specific skills they need to use in different evaluation settings. Jean A. King and Laurie Stevahn present readers with three organizing frameworks derived from social interdependence theory, from social psychology, evaluation use research, and the evaluation capacity.

building literature for thinking about evaluation practice These frameworks help readers track the various skills or strategies to use for distinctive evaluation situations In addition the authors provide explicit advice about how to solve specific evaluation problems Numerous examples throughout the text bring interactive practice to life in a variety of settings
