

Prairie Girl

Eleanor Gates

Prairie Girl:

Prairie Girl's Song Kate Ferris, Mary Ann Tully, 2017-01-28 Children let their imaginations soar as they read Prairie Girl's Song and follow the adventures of a young girl on her family's prairie farm. The story is told through the delightful rhyming lyrics of a folk song written by musician Kate Ferris. The vibrant imagery created with Ferris words is woven by artist Mary Ann Tully into an enchanting and richly coloured mixed media tapestry of prairie plants and animals. Seen through the eyes of a child, the diversity of the wild prairie comes alive over the course of a day and into the magic of a prairie night. The glossary at the end of the book provides an excellent source of information about the ecology of the prairies. Prairie Girl's Song is an essential addition for the shelves of classrooms, schools, and home libraries everywhere.

Prairie Girl William Anderson, 2016-10-25 In this charming accessible biography of Laura Ingalls Wilder, noted Wilder historian William Anderson takes us beyond the Little House books to share the real life events that inspired Laura's classic stories. Black and white interior illustrations by Ren e Graef further enhance this look at one of America's most beloved authors, perfect for chapter book readers.

The Biography of a Prairie Girl Eleanor Gates, 2015-04-11 A masterpiece of frontier fiction, an autobiographical novel of growing up on a lonely prairie farm in 1880's South Dakota, California has a good claim upon Eleanor Gates, author of The Biography of a Prairie Girl and should be proud to put forth its claim since the book is an altogether notable contribution to the literature of the west. The Biography of a Prairie Girl is aptly named. It tells of the life of a girl born and bred on a Dakota farm and it tells it in a simple unadorned way that makes it interesting. It is a book without a plot, without even the always expected love story. It is just a series of pictures showing the development of a guileless life in a part of the world new to civilization and yet it has a charm that is indescribable. One follows with absorbing interest the trivial incidents that fill the days of the little prairie girl. One feels a keen delight over her triumph at the Christmas entertainment, listens intently to the story of her pet cowbird, of her tame badger, of her first day at school, and stands fear filled with the anxious mother and brothers when death hovers over the little girl's cot. The book is refreshingly free from the threadbare tricks that so many authors rely upon for success. There is none of the strife to be original or smart and the temptation to be melodramatic has been resisted, although there are abundant opportunities for this in the prairie fire, the death in the blizzard, an Indian foray, a cattle stampede. The experiences are given in plain fashion and it is this simplicity and sincerity that gives the book its effectiveness. To readers the world over, the book must appeal, but it should have a particular interest to Californians for, as has been said, California has a claim upon the book since California did much to make the writing of it possible.
