Divine Deviants Manijeh Mannani,2007 Original Scholarly Monograph *Domus* Gio Ponti,1978 Monthly review of architecture interiors designing art Adorno, Foucault and the Critique of the West Deborah Cook,2018-11-27 The alliance of critical theory between Frankfurt and Paris Adorno Foucault and the Critique of the West argues that critical theory continues to offer valuable resources for critique and contestation during this turbulent period To assess these resources it examines the work of two of the twentieth century s more prominent social theorists Theodor W Adorno and Michel Foucault Although Adorno was situated squarely in the Marxist tradition that Foucault would occasionally challenge Deborah Cook demonstrates that their critiques of our current predicament are complementary in important respects Among other things these critiques converge in their focus on the historical conditions economic in Adorno and political in Foucault that gave rise to the racist and authoritarian tendencies that continue to blight the West Cook also shows that when Adorno and Foucault plumb the economic and political forces that have shaped our identities they offer remarkably similar answers to the perennial question What is to be done
