**MARKETING DECISIONS AND STRATEGIES** John Kuada, 2016-07-08 The marketing literature generally assumes that managers and customers always make rational reasonable and logical decisions In real life however decision making process is hardly rational and straightforward Managers and customers normally make decisions in action i e as they grapple with critical problems on daily basis As such they tend to combine experience based knowledge with intuition and analysis to inform their decisions Their decision making processes become even more complex when their companies operate within international contexts It is therefore appropriate to teach students a variety of decision making skills as they prepare themselves to work in international companies This is the task initiated in this book It discusses how managers combine both rational and non rational approaches and tools in their decision making processes especially in international business contexts Issues discussed include the following A The marketing strategy concept A Rational and non rational approaches to

decision makingA Market driving and market driven strategiesA Internal marketing strategiesA Relational theories and strategies in marketingA Organizational buying behaviour and strategiesA Online advertising decisions and strategiesA Assessment of export opportunitiesA Marketing in the emerging economiesA Societal and ethical considerations in marketing decisions

**Marketing Decision Making** William F. O'Dell, Andrew C. Ruppel, Robert H. Trent, 1979 Includes index

*Understanding Consumer Decision Making* Thomas J. Reynolds, Jerry C. Olson, 2001-05-01 The goal of this book is to help business managers and academic researchers understand the means end perspective and the methods by which it is used and to demonstrate how to use the means end approach to develop better marketing and advertising strategy The authors discuss methodological issues regarding interviewing and coding present applications of the means end approach to marketing and advertising problems and describe the conceptual foundations of the means end approach This book is of interest to academic researchers in marketing and related fields graduate students in business marketing research professionals and business managers It is intended as a reference book containing ideas about the means end approach and its applications
