Director of Asian Centre for Cross Cultural Studies Chennai editor of The Oxford Handbook of Christianity in Asia It is very good to see the use of social science methods being developed to aid religious studies and theological research My hope is that this very practical book using such up to date resources as Alan Bryman s Social Research Methods OUP now in its fifth edition will help to develop this important form of study further

ROBIN GILL Emeritus Professor of Applied Theology University of Kent author of the trilogy on Sociological Theology This volume fills an important gap in the field by bringing social scientific methods into theology and religious studies All parties in this conversation have much to gain from a sustained dialogue and this book moves us in that direction

JOHN BARTKOWSKI Professor Sociology University of Texas at San Antonio This is a valuable resource written in a way that theological students will understand and supervisors will appreciate It takes the student by the hand from the formulation of the research topic through methodological positioning and choices and closes with a chapter on supervision expectations I look forward to prescribing it to my own postgraduate students

NADINE BOWERS DU TOIT Professor Theology and Development University of Stellenbosch editor of Race Faith and Inequality amongst Young Adults in South Africa The highly readable yet exhaustive and authoritative text covers all aspects of the variety of methods available to contemporary scientists who either produce or evaluate empirical research The text is intended for students and scholars of theology and religious studies but anyone interested in how religion is practiced in different cultural contexts and want to understand individual lived experiences and interpretations will find this text an invaluable guide

RALPH W HOOD Jr Professor of Psychology University of Tennessee co editor of Research in the Social Scientific Study of Religion series Upon launching out on research students and scholars are always on the lookout for good books on research methodology In Dr Iyadurai s book they will find an excellent manual spanning the length and breadth of what they are looking for I strongly recommend this book to all those engaged in research

FRANCIS GONSALVES SJ President Jnana Deepa Pontifical Athenaeum of Philosophy Theology author of God of Our Soil Towards Subaltern Trinitarian Theology Joshua Iyadurai has been teaching research methods to PhD students in Christian Studies for over a decade He is an expert facilitator in this hybrid field helping both theology and religious studies students use social research methods more rigorously and effectively This book will be immensely helpful to anyone wanting to do research in the field of religion as well as to those in classes focused on research methods I highly recommend it

ROBERT K JOHNSTON Professor of Theology and Culture Fuller Theological Seminary co author of Deep Focus Film and Theology in Dialogue Social Research Methods for Students and Scholars of Theology and Religious Studies is a masterpiece that draws from Joshua s experience of teaching social research for two decades The book aims to catalyze theological scholarship using social research methods with scientific precision Scholars educators and graduate students will find this text a welcome resource I highly recommend it

Reactions to the Law by Minority Religions Eileen Barker, James T. Richardson, 2020-12-30 Much has

been written about the law as it affects new and minority religions but relatively little has been written about how such religions react to the law This book presents a wide variety of responses by minority religions to the legal environments within which they find themselves An international panel of experts offer examples from North America Europe and Asia demonstrating how religions with relatively little status may resort to violence or passive acceptance of the law how they may change their beliefs or practices in order to be in compliance with the law or how they may resort to the law itself in order to change their legal standing sometimes by forging alliances with those with more power or authority to achieve their goals The volume concludes by applying theoretical insights from sociological studies of law religion and social movements to the variety of responses The first systematic collection focussing on how minority religions respond to efforts at social control by various governmental agents this book provides a vital reference for scholars of religion and the law new religious movements minority religions and the sociology of religion World Christian Trends Ad30-ad2200 (hb) ,2001 *Keyguide to Information Sources on World Religions* Jean Holm,1991 The main aim of this book is to indicate the nature and range of reference material available for the study of world religions A broad interpretation of world religions has been adopted and coverage includes the Baha i faith Buddhism Christianity Confucianism Hinduism Islam Jainism Judaism Shinto Sikhism Taoism and Zoroastrianism as well as cross cultural studies and inter faith dialogue Following the basic pattern of the Keyguides series the work is divided into three sections an overview of the subject and available literature is followed by an annotated bibliography of over 1000 entries and an international directory of organizations **Embedded Librarianship** Alice L. Daugherty,Michael F. Russo,2013-09-23 In the ongoing evolution of the academic library embedded librarianship has become an important topic of debate across levels and departments This book delves into the concept examining everything from theory to best practices Is the embedded librarian an equal partner in the course or is the librarian perceived as a value added extra What is the place of technology in this effort Is there a line librarians should not cross Taking into account both theory and practice to discuss multiple facets of the subject **Embedded Librarianship What Every Academic Librarian Should Know** thoroughly examines these questions and more from the perspectives of experienced embedded librarian contributors who have worked in higher education settings The chapters illuminate the benefits and challenges of embedding explain the planning required to set up an embedded course identify the different forms of embedding and consider information literacy instruction in various contexts Readers who will benefit from this work include not only academic librarians but any professor who wants their students to be able to do better research in their fields **The Christian Librarian** ,1983 Selection of Library Materials in the Humanities, Social Sciences, and Sciences Patricia A. McClung,1985
