## **Prides Passion:**

**Pride and Passion** May Agnes Fleming, 1882 **Passion & Prostrations: A Sensual "Pride & Prejudice" Variation** Abbey North, Puppies illness and confusion might lead to a passionate HEA for ODC An impromptu puppy rescue followed by a drenching rainstorm marks Lizzy s first meeting with Mr Darcy and his sweet sister Quickly followed by his boorish remarks at the Assembly ball she is left with a negative opinion of the prideful man A bout of illness strands her at Netherfield and a high fever leads her to the wrong room When they are discovered the next morning everyone ignores Lizzy s insistence that nothing happened and Darcy offers for her It is with pure reluctance and he clearly believes she manipulated him into being forced to marry her With his good opinion of her seemingly lost forever how can there be happiness in their union This started out as a sweet JAFF Puppies Prostrations but Abbey has since updated it to include an intimate scene It is now SENSUAL but the story remains the same otherwise The original sweet version is still available at one retailer [Hume, Passion, and Action](#) Elizabeth S. Radcliffe, 2018-05-24 David Hume s theory of action is well known for several provocative theses including that passion and reason cannot be opposed over the direction of action Elizabeth S Radcliffe defends an original interpretation of Hume s views on passion reason and motivation which is consistent with other theses in Hume s philosophy loyal to his texts and historically situated She challenges the now orthodox interpretation of Hume on motivation presenting an alternative that situates Hume closer to Humeans than many recent interpreters have Part of the strategy is to examine the thinking of the early modern intellectuals to whom Hume responds Most of these thinkers insisted that passions lead us to pursue harmful objects unless regulated by reason and most regarded passions as representations of good and evil which can be false Understanding Hume s response to these claims requires appreciating his respective characterizations of reason and passion The author argues that Hume s thesis that reason is practically impotent apart from passion is about beliefs generated by reason rather than about the capacity of reason Furthermore the argument makes sense of Hume s sometimes ridiculed description of passions as original existences having no reference to objects The author also shows how Hume understood morality as intrinsically motivating while holding that moral beliefs are not themselves motives and why he thought of passions as self regulating contrary to the admonitions of the rationalists
