Principles Of Behavior Change:

Principles of Behavior Change Edward P. Sarafino, 1996-03-26 A thorough up to date presentation of the major issues theories concepts and research in behavior modification This book demonstrates how to pinpoint and identify the behavior to be changed It describes the purpose of each technique and shows how it is used presenting guidelines and tips to maximize its effectiveness

Behavior Modification Edward P. Sarafino, 2001 This clearly written and engaging text is a comprehensive introduction to the principles and techniques of behavior modification Drawing on research theory and personal experience the author explains and provides examples of how these principles have been tested and applied in a variety of settings The text is organized so that relatively simple concepts and techniques are introduced in the beginning chapters and then built upon toward increasingly complex and specialized methods allowing behavior modification principles to unfold in an orderly sequence Coverage of seldom covered topics includes overshadowing habit reversal self monitoring self instruction and covert behavioral methods for changing respondent behavior

Behavioral Approaches to Crime and Delinquency Edward K.

Morris, Curtis J. Braukmann, 2012-12-06 The systematic application of behavioral psychology to crime and delinquency was begun only 20 years ago yet it has already contributed significantly to our practical knowledge about prevention and correction and to our general understanding of a pressing social problem In this handbook we review and evaluate what has been accomplished to date as well as what is currently at the leading edge of the field We do so in order to present a clear comprehensive and systematic view of the field and to promote and encourage still more effective action and social policy reform in the future The chapters in this text have been written by professionals who were among the original innovators in applying behavioral psychology to crime and delinquency and who continue to make critical contributions to the field's progress and by a new generation of energetic young professionals who are taking the field in important and innovative directions The contributors have attempted to review and evaluate their areas with critical dispassion to provide thorough but not overly specialized discussion of their material and to draw implications for how research application and social policy might be improved in the future For our part as editors we have tried to foster integration across the chapters and to provide background and conceptual material of our own
