Research in Basic Writing Martin Jacobi,Michael G. Moran,1990-02-15 This reference handbook surveys research on the central issue associated with the teaching of unprepared writers Though basic writing has only been recognized as a distinct area of teaching and research since 1975 the existing bibliographic texts already seem limited due to their age or lack of annotation This volume provides current and extensive bibliographic essays and will help to define this new field of study for teachers and researchers Following an introduction that summarizes the origins and significant texts in basic writing the book is divided into three sections Social Science Perspectives Linguistic Perspectives and Pedagogical Perspectives The first section which contains three essays views the field through the lens of social psychological and political issues The second section also containing three essays examines contributions made from studies of grammar dialects and second language acquisition The third section in its four essays focuses on the design development administration and evaluation of basic writing courses the use of computers in basic writing classrooms the role of the writing lab and the preparation of basic writing teachers An appendix that reviews current textbooks for basic writing courses is also included as well as an index This book will be a valuable resource for teachers of basic writing in education courses and workshops that train teachers and tutors and in fields such as linguistics technical writing and Teaching English as a Second Language It will also be an important addition to public and university libraries and many education programs

The Prentice Hall Guide for College Writers, Brief Stephen Reid,2008 For undergraduate Composition I and II courses From the first edition The Prentice Hall Guide for College Writers has focused on writing for a variety of purposes in a rhetorical situation Although audience context and writing situation are important a writer s purpose should be and has always been the focal point of the sequence of assignments The Prentice Hall Guide begins with observing and remembering which are personally important to the writer It then turns to more reader based academic purposes including critical reading expository writing and argumentative writing Each chapter in this sequence is self contained with introductions guidelines professional and student models writing process

advice research tips revising guidelines peer review questions and postscript reflections on the assignment This compact efficient guide touches on all the critical aspects of college writing both personal and academic within rich self contained chapters no more flipping back and forth between sections to find appropriate guidelines models and writing process information
