Reading Football:

British Sport - A Bibliography to 2000 Richard Cox, 2014-02-04 Volume two of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian **British Sport: Local histories** Richard William Cox, 2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian **Stadia Arenas and Grandstands** P. Thompson, J. Tolloczko, N. Clarke, 2002-11-01 This book covers the International Concrete Society Conference held at the Cardiff International Arena and will be of interest to architects and planners facility managers and consultants in the fields of engineering environmental control and services and leisure management media facilities and to client organizations planning major sports and **Patriotic Games** S. W. Pope, 1997-02-27 In *Patriotic Games* historian Stephen Pope explores the ways sport was transformed from a mere amusement into a metaphor for American life Between the 1890s and the 1920s sport became the most pervasive popular cultural activity in American society During these years basketball was invented football became a mass spectator event and baseball soared to its status as the national pastime Pope demonstrates how America's sporting tradition emerged from a society fractured along class race ethnic and gender lines Institutionalized sport became a trans class mechanism for packaging power and society in preferred ways it popularized an interlocking set of cultural ideas about America's quest for national greatness Nowhere was this more evident than the intimate connection established between sport and national holiday celebrations As Pope reveals Thanksgiving sports influenced the holiday's evolution from a religious occasion to a secular one On the Fourth of July sporting events infused patriotic rituals with sentiments that emphasized class conciliation and ethnic assimilation In a time of social tensions economic downturns and unprecedented immigration the rituals and enthusiasms of sport Pope argues became a central component in the shaping of America's national identity **The Accountant**, 1894 **Reading Football** Michael Oriard, 2000-11-09 Is football an athletic contest or a social event Is it a game of skill a test of manhood or merely an organized brawl Michael Oriard a former professional player asks these and other intriguing questions in *Reading Football* the first contemporary book about football's formative years American football began in the 1870s as a game to be played not watched Within a brief ten years it had become a great public spectacle with an immense following a phenomenon caused primarily by the voluminous commentary about the game conducted in popular newspapers and magazines Oriard shows how this constant narrative in football's early years developed many different stories about what the game meant football as pastime as the sport of gentlemen as a science as a game of rules and their infringements He shows how football became a series of cultural stories about power luck strategy and deception These different interpretations have been magnified by football's current omnipresence on television

According to Oriard televised football now plays a cultural role of enormous importance for men yet within the field of cultural studies the influence of football has been ignored until now From the book A receiver sprints down the sideline fast and graceful then breaks toward the middle of the field where a safety waits for him From forty yards upfield the quarterback releases the ball it spirals in an elegant arc toward the goalposts as the receiver now for the first time looks back to pick up its flight The pass is a little high the receiver leaps stretches grasps the ball barely fingers clutching at the very moment that the safety drives a helmet into his unprotected ribs The force of the collision flings the receiver backward slamming him to the turf This familiar tableau this exemplary moment in a football game epitomizes the appeal of the sport the dramatic confrontation of artistry with violence both equally necessary
