Reading Chekhov:

Reading Chekhov Janet Malcolm, 2007-12-18 To illuminate the mysterious greatness of Anton Chekhov's writings Janet Malcolm takes on three roles literary critic biographer and journalist Her close readings of the stories and plays are interwoven with episodes from Chekhov's life and framed by an account of Malcolm's journey to St Petersburg Moscow and Yalta She writes of Chekhov's childhood his relationships his travels his early success and his self imposed exile always with an eye to connecting them to themes and characters in his work Lovers of Chekhov as well as those new to his work will be transfixed by Reading Chekhov

Chekhov's Letters Carol Apollonio, Radislav Lapushin, 2018-10-15 Of the thirty volumes in the authoritative Academy edition of Chekhov's collected works fully twelve are devoted to the writer's letters This is the first book in English or Russian addressing this substantial though until now neglected epistolary corpus The majority of the essays gathered here represent new contributions by the world's major Chekhov scholars written especially for this volume or classics of Russian criticism appearing in English for the first time The introduction addresses the role of letters in Chekhov's life and characterizes the writer's key epistolary concerns After a series of essays addressing publication history translation and problems of censorship scholars analyze the letters generic qualities that draw upon variously prose poetry and drama Individual thematic studies focus on the letters as documents reflecting biographical cultural and philosophical issues The book culminates in a collection of short at times lyrical essays by eminent scholars and writers addressing a particularly memorable Chekhov letter Chekhov's Letters appeals to scholars writers and theater professionals as well to a general audience

Chekhov's Children Nadya L. Peterson, 2021-08-15 Anton Chekhov's representations of children have generally remained on the periphery of scholarly attention Yet his stories about children which focus on communication and the emergence of personhood also illuminate the process by which the author forged his own language of expression and occupy a uniquely important place within his work Chekhov's Children explores these stories dating from Chekhov's early writings in the 1880s as a distinct body of work unified by the theme of maturation and by the creation of a literary model of childhood Nadya Peterson describes the evolution of Chekhov's model and its connection with the prevalent views on children in the literature education medicine and psychology of his time As with his later writing Chekhov's portrayals of young protagonists exhibit complexity diversity and a broad reach across the writer's cultural and literary landscape dealing with such themes as the distinctiveness of a child's perspective the relationship between the worlds of children and adults the nature of child development socialization gender differences and sexuality While reconstructing a particular literary model of childhood this book brings to light a body of discourse on children childhood development and education prominent in Russia in the late nineteenth century Chekhov's Children accords this topic the significance it deserves by placing Chekhov's model of childhood within the broad context of his time and reassessing established notions about the child's place in the author's oeuvre

Performing Emotions Peta Tait, 2017-07-05 In Performing Emotions Peta Tait's central argument is

that performing emotions in realism is also performing gender identity Emotions are phenomena that are performable by bodies which have cultural identities In turn these create cultural spaces of emotions This study integrates scholarship on realist drama theatre and approaches to acting with interdisciplinary theories of emotion phenomenology and gender theory With chapters devoted to masculinity and femininity specifically as well as to emotions generally it investigates social beliefs about emotions through Chekhov's four major plays in translation and English language commentaries on Constantin Stanislavski's direction of the play's first productions and his approaches to acting and Olga Knipper's acting of the central women characters Emotions exists as social relationships they are imagined and embodied as gendered Tait demonstrates how theatrical emotions are predicated on social performances and vice versa In Chekhov's plays which came to dominate a twentieth century theatre of emotions characters interpret their emotions intertextually in relation to other theatrical and fictional narratives of emotions Tait here interrogates these plays as sustained explorations of the inherent theatricality of characters expressing emotions from their phenomenological awareness A theatrical language of gendered interiority is produced in the acting of emotions in Stanislavski's early realistic theatre Alternatively remapping the performances of emotional bodies can destabilise the culturally constructed boundary separating an inner private self and an outer social self in culturally produced geographies of emotions As Tait shows emotions can be performed as indivisible spatialities Performing Emotions integrates theories of theatre gender identity and emotion to investigate how sexual difference impacts on the representations of emotions The book develops an accumulative analysis of the meanings of emotions in twentieth century realist drama theatre and acting
