## Reading For Form:

Reading for Form Susan J. Wolfson, Marshall Brown, 2015-12-14 Reflecting varieties of theory and practice in both verse and prose from the Middle Ages to the twenty first century these essays by many of America s leading literary scholars call for a reinvigorated formalism that can enrich literary studies open productive routes of commerce with cultural studies and propel cultural theory out of its thematic ruts This book reprints Modern Language Quarterly s highly acclaimed special issue Reading for Form along with new essays by Marjorie Perloff D Vance Smith and Susan Stewart and a revised introduction by Susan Wolfson With historical case studies and insightful explorations Reading for Form offers invaluable material for literary critics in all specializations

Reading at the Limits of Poetic Form Jacob McGuinn, 2024-05-15 Pushing the boundaries of critical reading and the role of objects in literature How does literary objecthood contend with the challenge of writing objects that emerge at an extreme limit of material presence Jacob McGuinn delves into the ways literature writes this indeterminate presence in the context of pre and post 68 Paris a vital moment in the history of criticism The works of poet Paul Celan philosopher Theodor Adorno and writer Maurice Blanchot highlight how the complexities of reading such a dematerialized object are part of the indeterminacy of material itself Indeterminate objects glass snow walls screens are subjects Celan describes as existing in meridian space while for Adorno and Blanchot criticism not only responds to this indeterminacy but also takes it as its condition Reading at the Limits of Poetic Form Dematerialization in Adorno Blanchot and Celan shows how these readings simultaneously limit the object of criticism and outline alternative ways of thinking that lie between the models of critical formalism and historicism ultimately revealing the possible materiality of literature in unrealized history incomplete politics and nondetermining thinking

*The Work of Form* Elizabeth Scott-Baumann, Ben Burton, 2014-06-26 The Work of Form Poetics and Materiality in Early Modern Culture explores the resurgent interest in literary form and aesthetics in early modern english studies Essays by leading international scholars reflect on the legacy of historicist approaches and on calls for a renewal of formalist analysis as both a tool and as a defence of our object of study as literary critics This collection addresses the possibilities as well as the challenges of combining these critical traditions it tests and reflects on these through practice It also establishes new lines of enquiry by expanding definitions of form to include the material as well as theoretical implications of the term and explores the early modern roots of these connections The period s most famous poets such as Sidney Spenser Shakespeare Jonson and Jonson appear alongside Anne Southwell Thomas Campion and many anonymous poets and songwriters The Work of Form brings together contributors from literary history historicism manuscript study prosodic theory the history of music history of the book as well as print and manuscript culture It represents avowedly political historical work alongside aesthetic and theoretical frameworks work bridging literature and music and cognitive poetics In bringing together these diverse commitments it addresses urgent questions about how we can understand and analyse literary form in a historically rooted way and demands rigorous discussion about
