Examining Information Retrieval and Image Processing

Paradigms in Multidisciplinary Contexts Lu, Joan,Xu, Qiang,2017-02-10 Across numerous industries in modern society there is a constant need to gather precise and relevant data efficiently and quickly As such it is imperative to research new methods and approaches to increase productivity in these areas Examining Information Retrieval and Image Processing Paradigms in Multidisciplinary Contexts is a key source on the latest advancements in multidisciplinary research methods and applications and examines effective techniques for managing and utilizing information resources Featuring extensive coverage across a range of relevant perspectives and topics such as knowledge discovery spatial indexing and data mining this book is ideally designed for researchers graduate students academics and industry professionals seeking ways to optimize knowledge management processes

Young Children's Language in Context Sheila Degotardi,Shelley Stagg Peterson,Jiangbo Hu,2023-06-06 This book explores how young children s language development is intricately connected to the context in which it takes place The term context not only specifies a geographical location but also encompasses notions of culture community and activity Context also refers to discourse features and functions and to the relationships between the speakers Every context thus embodies specific practices intentions and values which privilege particular words phrases meanings and communication conventions Each chapter highlights the dynamic fluid and multifaceted interplays between language and context to illustrate how context in every sense is inextricably intertwined with young children s language and literacy learning opportunities The chapters interrogate the topic of Young Children s Language in Context by collectively exploring the multiple ways that context broadly and variously conceptualised intersects with language and literacy experiences Authors examine how contexts shape language and literacy learning opportunities how children s language shapes their social interactive and relationship contexts and how their language and literacy experiences are themselves contexts which create socially and culturally endorsed ways to represent ideas intentions and expectations This book will be of interest to researchers and advanced students of early childhood education and language development It was originally published as a special issue in the International Journal of Early Years Education

Literacy Beyond Text Comprehension M. Anne Britt,Jean-François Rouet,Amanda Durik,2017-07-06 Literacy Beyond Text Comprehension aims to systematically investigate how readers interpret reading tasks within a situation and how that interpretation influences reading behavior and comprehension Presenting a new model of REading as problem SOLVing RESOLV the authors describe reading comprehension in terms of how a reader adopts goals within a particular situation that then guide what is read when and how By applying the RESOLV model to a range of reading situations this book provides evidence to suggest that there is no unitary understanding of a task because individuals bring their own goals and characteristics to the situation as such it demonstrates the importance of understanding how a reader e g student test taker employee completing a work task

represents the context and the specific assignment Written by internationally recognized learning sciences scholars Literacy Beyond Text Comprehension advances the state of the art in reading research but also seeks to inform a broader range of audiences including those interested in the teaching and the assessment of reading [Researching the contemporary city](#) Peter Kellett, Jaime Hernández García, 2013-11-12 The city is perhaps the most complex of all human constructs In the 21st century when cities are bigger than ever and the majority of the world's population now live in urban areas the need for research into this complexity to address the large scale challenges of urban life has never been greater This collection of research studies from different parts of the world brings together case studies underpinned by theory to contribute to the urgent search to make our cities more just more livable more accessible more participatory and more democratic in short more humane places to live and work These crosscutting themes of social inclusion spatial integration and poverty alleviation are the ever present motifs and motivations throughout this volume The eleven chapters are grouped into four interrelated sections the creation and representation of the urban the production and transformation of the informal the construction and appropriation of public spaces and finally the transformation use and meaning of home Collectively the essays engage with the city at a range of scales but underpinning all of them is a concern for the everyday realities of ordinary people's lives These detailed and finegrain analyses of complex processes are a modest contribution towards the creation of cities which are not simply more economically viable and environmentally sustainable but also embody the ideals of social justice

Who's Doing the Work? Jan Burkins, Kim Yaris, 2023-10-10 Best selling authors Dr Jan Burkins and Kim Yaris rethink traditional teaching practices Who's Doing the Work How to Say Less So Readers Can Do More They review some common instructional mainstays such as read aloud guided reading shared reading and independent reading and provide small yet powerful adjustments to help hold students accountable for their learning Next generation reading instruction is much more responsive to student needs and aims to remove some of the scaffolding that can hinder reader development Instead of relying on teacher prompts Who's Doing the Work asks teachers to have students take ownership of their reading by managing their challenges independently and working through any plateaus they encounter Whether you are an elementary teacher literacy coach reading specialist or parent Who's Doing the Work provides numerous examples on how to readjust the reading process and teach students to gain proficiency and joy in their work [The Autism Discussion Page on Stress, Anxiety, Shutdowns and Meltdowns](#) Bill Nason, 2019-10-21 Anxiety meltdowns and emotional regulation can be hugely challenging for autistic people This book is full of proactive strategies for understanding accepting and respecting the processing differences in autism It contains tools for reducing sensory social and mental drain and offers strategies to protect from ongoing stress and anxiety These help minimize shutdowns and burnout while maximizing self esteem autistic identity and mental health Learn strategies for matching environmental demands to the person's processing needs how to support vulnerabilities and how to prevent and manage meltdowns while protecting the identify and self esteem of the
