Recipes Reflections:

Reflections-- Clouds Bend United Methodist Church (Kingsport, Tenn.),2007 **Recipe for Life [Part 1]** Dorothy Edgelow,2008-08-22 Why would you want to make changes to your style of eating and cooking We need good reasons to make changes they can be upsetting to our usual routine and to other family members Changing this basic activity may be expensive and time consuming as well but the benefits can be long lasting Food is naturally associated with life and it is steadily being proven and accepted that it plays a part in how good that life is Stirring Words Tom Harte,2006 To Tom Harte for whom food is a consuming passion questions like these are not half baked For 10 years he has been writing culinary reflections on such matters for the Southeast Missourian the largest newspaper between St Louis and Memphis The cream of this reflective crop covering topics as diverse as Peeps and pate a choux and their attached recipes are included in this volume Some of the essays delve into the history of food like the one about lebkuchen arguably the oldest cookie in the world Others dealing with culinary queries and curiosities attempt to explain the nomenclature of food or the logic behind common recipe conventions Still others pay homage to great gourmets like Thomas Jefferson August Escoffier or Julia Child or to great ingredients like butter and brown sugar He also includes a culinary exam and a lesson on how to write a recipe Whether he s championing the virtues of funnel cake or recounting his experiences judging a national pie contest Harte is often whimsical always informative and never uninteresting His over 200 carefully selected recipes will be a welcome addition to anyone s files Sisterhood and After Margaretta Jolly,2019-08-27 This ground breaking history of the UK Women s Liberation Movement shows why and how feminism s second wave mobilized to demand not just equality but social and gender transformation Oral history testimonies power the work tracing the arc of a feminist life from 1950s girlhoods to late life activism today Peppered with personal stories the book casts new light on feminist critiques of society and on the lives of prominent and grassroots activists Margaretta Jolly uses oral history as creative method making significant use of Sisterhood and After The Women s Liberation Oral History Project to animate still unresolved controversies of race class sexuality disability and feminist identity Women activists vividly recall a divisive education system the unevenness of sexual liberation and the challenges of Thatcherism Northern Ireland s Troubles and the policing of minority ethnic communities They illuminate key campaigns in these wider contexts and talk of the organizational and collaborative skills they struggled to acquire as they moved into local government NGOs and even the business sector Jolly provides fresh insight into iconic actions including the Miss World Protest the fight to protect abortion rights and the peace protest at Greenham Common Her accounts of workplace struggles from Ford and Grunwick to Women Against Pit Closures and Women and Manual Trades show how socialist ideals permeated feminism She explores men s violence and today s demands for trans liberation as areas of continuing feminist concern Jolly offers a refreshingly jargon free exploration of key debates and theoretical trends alongside an appreciation of the joyfully personal aspects of feminism from families homes shopping and music to

relationships health aging death and faith She concludes by urging readers to enter the archives of feminist memory to help map their own political futures Her work will appeal to general readers scholars and practitioners alike
