

# DOCUMENT AND RECORDS MANAGEMENT GUIDE FOR BEGINNERS

Originally posted at: <https://rb.gy/oyt89t>

Whether your organization is managing scanned images, regulated content, large document volumes, computer-generated documents, or complex file formats, this goes without saying that the smooth and efficient flow of business documents is extremely critical for the success of the organization. Irrespective of the fact whether you are managing a project that is agile, traditional, or hybrid, they all have one thing in common, and that is documentation.

Depending majorly on the methodology, the process of project management requires a lot of paperwork, which is why records management is growing more and more important. Records management is the process that carries the potential to help control your current project and set the stage for future projects.
