Melodic Banjo Tony Trischka,2005-03-17 Tony Trischka presents his groundbreaking guide to the melodic chromatic Banjo style made famous by the great Bill Keith The technique allows the Banjo player to create complex note for note renditions of Bluegrass fiddle tunes as well as ornamenting solos with melodic fragments and motives Along with a full step by step guide to developing the skills of the melodic style this book also features Bill Keith s personal explanation of how he developed his formidable technique in his own words and music 37 tunes in tablature including a section of fiddle tunes Interviews with the stars of the melodic style including Bobby Thompson Eric Weissberg Ben Eldridge and Alan Munde

School of Banjo: Bluegrass Melodic Style Janet Davis,2015-09-24 The melodic style is a beautiful three finger picking style which can be traced to the early 1900 s and became a fully accepted style for playing the five string banjo in the 1960 s and is today an integral part of the three finger style of many banjo players at all playing levels Plus the songs arranged in this style are easy and fun to learn Although the melodic style may sound impossible with all of those notes coming from it surprisingly you will find that it is not that difficult to learn and no previous musical knowledge is needed This course covers the melodic style from the very basics of this picking style to the advanced techniques and provides many fun to play and well known songs arranged in the three finger melodic style for upper level beginning players through advanced level players
