Alters,2009 A compilation of facts and statistics on gun control in the U S discussing the history of the right to bear arms firearms laws and regulations related court rulings guns and crime injuries and fatalities guns and youth public attitudes and gun control laws **The Firearms Owners Protection Act** United States. Committee on the Judiciary,1982 **Targeting Guns** Gary Kleck,2017-07-05 This new paperback comprehensively reviews the research evidence on the links between guns violence and gun control and reports results of the author s own research as well In Targeting Guns Kleck follows the line of argument and careful statistical inference of his earlier prizewinning volume Point Blank while updating the literature reviews and statistical information and adding two chapters **Gun Control** Sandra Alters,2007 A compilation of facts and statistics on gun control in the U S discussing the history of the right to bear arms firearms laws and regulations related court rulings guns and crime injuries and fatalities guns and youth public attitudes and gun control laws *Firearms Legislation* United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime,1975 **Gun Control** Suzanne B. Squyres,1997 **Point Blank** Gary Kleck,2017-07-12 By 1990 there were approximately 200 million guns in private hands in the United States and around half of American households contained a gun Over 30 000 people a year are killed with guns in suicides homicides and accidents and Americans use guns for defensive purposes as many as a million times a year There is little doubt that gun violence and control are issues of vital importance and they continue to inspire national debate It is doubtful however that most gun debates are worth listening to Not surprisingly they generally leave their participants exactly where they began with their biases intact and onlookers perplexed Written deliberately to counter an atmosphere of hysteria and extremism Point Blank now in paperback offers logical argument supported by empirical information It confronts fundamental questions head on On its initial publication in 1993 Point Black won the Michael J Hindelang Award of the American Society of Criminology for the book that made the most outstanding contribution to criminology Point Blank reports both original research and assesses existing evidence drawn from a wide variety of academic disciplines including criminology sociology law and medicine *California. Court of Appeal (1st Appellate District). Records and Briefs* California (State)., Consolidated Case s A045366_x000D_A045364_x000D_A045370_x000D_A045369 *The Industry Leader* ,1969 [Restricting Handguns](#) ,1992-03 **Gun Control** Jeffrey Ferro,2001 An up to date examination of guns and gun control emphasizing laws regulations and ordinances court rulings and public attitudes with a focus on the pros and cons of gun control **A Well Regulated Militia** William Weir,1997 A well regulated militia being necessary to the security of a free State the right of the people to keep and bear

Arms shall not be infringed reads the Second Amendment to the U S Constitution According to the National Rifle Association NRA this means that gun controls are unconstitutional Anti gun lobbyists like Handgun Control Inc HCI claim it means only that the states can keep militias In this book Weir goes back into European history to discuss the militia concept and then moves forward through American history and into the pro and con distortions of the gun debate all the while clarifying and providing the missing or misconstrued information He delves into crime statistics state and federal law weapons capabilities and culpabilities and the responses of police criminologists politicians criminals civilians and others to make his points In conclusion Weir shows how one of the most detrimental effects of the debate is that neither side is addressing the underlying causes of American violence which go much deeper than gun ownership He explains how our society by concentrating on snake oil and Band Aids to address the crime problem ironically fosters a national policy that promotes a violent underclass The current situation Weir warns is undermining the power of the Constitution and will have serious short and long range repercussions for America

Crime and Delinquency ,1980 **United Nations International Study on Firearm Regulation** United Nations,1998 Incidents involving firearm abuse continue to be an issue of international concern Inspite of this widespread concern only limited data were available prior to 1996 on levels of firearm related crime ownership administration possession manufacturing smuggling demographic crime statistics policy public education initiatives

Issues in Science and Technology ,1990 **Encyclopedia of Law Enforcement: State and local law enforcement**
