Post-Modernism and the Social Sciences Pauline Marie Rosenau, 1991-11-05 Post modernism offers a revolutionary approach to the study of society in questioning the validity of modern science and the notion of objective knowledge this movement discards history rejects humanism and resists any truth claims In this comprehensive assessment of post modernism Pauline Rosenau traces its origins in the humanities and describes how its key concepts are today being applied to and are restructuring the social sciences Serving as neither an opponent nor an apologist for the movement she cuts through post modernism s often incomprehensible jargon in order to offer all readers a lucid exposition of its propositions Rosenau shows how the post modern challenge to reason and rational organization radiates across academic fields For example in psychology it questions the conscious logical coherent subject in public administration it encourages a retreat from central planning and from reliance on specialists in political science it calls into question the authority of hierarchical bureaucratic decision making structures that function in carefully defined spheres in anthropology it inspires the protection of local primitive cultures from First World attempts to reorganize them In all of the social sciences she argues post modernism repudiates representative democracy and plays havoc with the very meaning of left wing and right wing Rosenau also highlights how post modernism has inspired a new generation of social movements ranging from New Age sensitivities to Third World fundamentalism In weighing its strengths and weaknesses the author examines two major tendencies within post modernism the largely European skeptical form and the predominantly Anglo North American form which suggests alternative political social and cultural projects She draws examples from anthropology economics

geography history international relations law planning political science psychology sociology urban studies and women s studies and provides a glossary of post modern terms to assist the uninitiated reader with special meanings not found in standard dictionaries

The Legitimization of Violence David E. Apter,2016-07-27 Violence is a more and more ubiquitous phenomenon While a great deal of attention has been paid to certain aspects terrorism for example it has not been studied as a political phenomenon in and of itself In *The Legitimization of Violence* eight well known specialists explore various types of violence from ideological to fundamentalist movements within a framework of comparative theory

Power of Development Jonathan Crush,2005-07-22 Post colonial post modern and feminist critiques have challenged the ways we theorise and practice development Development is not just the conclusion of economic logic its histories reveal a legacy of contested power illuminating the contemporary battlefields of knowledge These essays explore the language of development its rhetoric and meaning within different political and institutional contexts The contested ideas behind world development are explained with illustrative material sensitive to place and time chiefly drawn from Asia Africa and Latin America This book examines the power of development to imagine new worlds and to constantly reinvent itself as the solution to problems of national and global disorder

Development at the WTO Sonia E. Rolland,2012-02-23 With the Doha Round on the rocks the tension between the WTO s trade liberalization agenda and the development needs of many member states is more pronounced than ever This book looks at the position of developing countries at the WTO from an institutionalist perspective and presents a range of proposals for change

Challenges to African Entrepreneurship in the 21st Century Darko Opoku,Eve Sandberg,2017-10-09 This volume offers an overview of the critical challenges faced by aspiring African entrepreneurs and their coping strategies to sustain and develop their businesses Contributors to this volume detail the constraints placed on African entrepreneurs through rich case studies and challenge African leaders and international donors to review their own behaviors if they hope for African entrepreneurs to succeed

Development in International Law Qerim Qerimi,2012-05-16 The dominant conceptions of development and the right thereto have been confined to narrow sectoral interpretations focusing on economic matrices and collective entities such as the state or peoples This book delimits these key notions of the public order of the 21st century in an entirely new fashion Drawing on fundamental precepts of policy oriented jurisprudence this book offers a comprehensive and systematic study and redefinition of development and the right to development guided by the goal of maximum access by all to the processes of shaping and sharing of all things humans value including empirically aspirations to power wealth well being affection enlightenment skills respect and rectitude This new paradigm of development offers fertile ground for legal and policy responses designed to bring about a public order of human dignity in all parts of the planet The book was awarded the Society of Policy Scientists 2012 Harold D Lasswell Prize

Comparative Politics Monte Palmer,2001 This text integrates perspectives which stress economic cultural and international factors in the shaping of political events with a traditional comparative emphasis on institutions

elites parties groups and mass behavior It focuses on defining issues of the coming decade human rights the environment economic reform and social equity Includes bandw photos For this second edition theoretical material is simplified and presentation is shorter and more focused There is a new chapter on Mexico and a glossary Palmer teaches political science and directs the Center for Arab and Middle East Studies at the American University of Beirut c Book News Inc Rule of Law in Latin America Pilar Domingo,Rachel Sieder,2001 This volume analyzes the judicial reform processes funded by international donor organizations in Latin America As billions of dollars are spent on judicial reform it is pertinent to ask about the fate of these projects The authors examine the way in which international organizations rationalize and prioritize their reform proposals and agenda in Latin America how reform agendas are implemented and followed up or not how international donor organizations relate to national governments and civil society and to each other and what factors account for the successes and failures of their reform initiatives The book also addresses the question of the connection between rule of law reform and broader processes of regime consolidation and state building from both a political and a social perspective

The New Encyclopædia Britannica: Macropædia : Knowledge in depth ,2002 Multicultural Europe Arno Tausch,2008 Is really Islam to blame for many of the ills of the world like stagnation gender inequality social inequality human rights violations and ecologically unsustainable development In this book the authors will present a Barro type of cross national development accounting framework for the weight that the variable Muslims per total population has in comparison to standard world economic openness political geography and political history indicators for 17 key economic political social and environmental variables in 134 countries This is a first of its kind to develop a quantitative assessment of the global Lisbon process of the convergence or divergence of living conditions across the globe since the 1990 s The authors draw come optimistic socio liberal conclusions about Islam in the world system while we show at the same time that membership in the EU 15 by comparative standards has dire long term consequences in the world economy and globalisation does not fulfill many of its promises

Words Like Colored Glass Daniel K. Berman,1990 **Between State and Market** Jonathan Alan Grant,1995 **American Political Scientists** Glenn H. Utter,Charles Lockhart,2002-10-30 Numerous experts helped the editors develop this consensus group of the 193 political scientists who have made the most important theoretical contributions over the years with attention to varied approaches and the different subfields The Indian Journal of Public Administration ,2007 **Explaining Chinese Democratization** Shaohua Hu,2000-01-30 Hu seeks to explain China s failure to establish a democratic system He demonstrates both continuity and change in China s democratization process Modern China regards power and wealth as primary goals and treats a strong state as a major means to these ends Such a preference puts democracy on a back burner Employing a theoretical framework which consists of five factors historical legacies local forces the world system socialist values and economic development Hu shows that while all of these factors were at work in all eras each assumes a special significance in a particular period Traditional China

before the 1911 Revolution attempted to adjust itself to a new Western dominated world In the Republican era the control of local forces topped the political agenda Nationalist China sought to survive and develop in the world system while Maoist China set for itself the task of building a socialist state And of course economic development has been the priority of the Deng era As Hu shows these five factors have had determining impacts on the long struggle for democracy in China **The writers directory** [Anonymus AC00423973],1991 *The Three Pillars of Wisdom?* Arno Tausch,2003 Ever since the days of German Imperial Chancellor Otto von Bismarck the ideas of social security and the capitalist state have been closely connected with each other Radical moves to change the balance established by the public pension systems require closer attention not only of the international social policy debate but also of the world systems research community This volume strives to close this gap It is intended to bring together two discussion strings the world systems debate and the pension reform debate that have rarely met each other in the past World Bank pension funds will become a major force in the capitalist world economy and will substantially transform the nature of the capitalist system over the coming years
