

# Greek Philosophy as a Religious Quest for the Divine<sup>1</sup>

*James Bernard Murphy*

**ABSTRACT** Philosophy has always been parasitic on other bodies of knowledge, especially religious thought. Greek philosophy in Italy emerged as a purification of Orphic religious traditions. Orphic votaries adopted various disciplines in the attempt to become divine, which led Pythagoras and Empedocles to define philosophy as a path to divinity. According to Plato and Aristotle, the goal of philosophy is to become “as much like a god as is humanly possible.” Classical Greek philosophy is not the study of the divine but the project of becoming divine, a project which it shares with Christianity. Greek philosophy and Christianity have different paths to the divine, but they share a common aspiration.

**KEYWORDS** deification; origins of Greek philosophy; philosophy as theology; metaphilosophy

1. In this essay, I draw freely from my forthcoming book, *Deification in Classical Greek Philosophy and the Bible* (Cambridge: Cambridge University Press, 2024).
