British Government Philip Gabriel, 1986 [A Pelican Introduction: Who Governs Britain?](#) Anthony King, 2015-09-01 [Jaw dropping Daily Telegraph](#) A timely examination of how the distribution of power has shifted. [Guardian](#) Where does power lie in Britain today? Is our system of government still fit for purpose? A revelatory guide from the esteemed expert in British government and politics. The British system has been radically transformed in recent decades far more than most of us realize. As acclaimed political scientist and bestselling author Anthony King shows, this transformation lies at the heart of British politics today. Imagining or pretending that the British political system and Britain's place in the world have not greatly changed, our political leaders consistently promise more than they can perform. Political and economic power is now widely dispersed both inside and outside the UK, but Westminster politicians still talk the language of Attlee and Churchill. How exactly has the British system changed? Where does power now lie? In [Who Governs Britain](#), King offers the first assessment in many years of Britain's governing arrangements as a whole, providing much needed context for the upcoming election.
